

CITY OF SOUTH PASADENA FINANCE COMMISSION SPECIAL MEETING AGENDA

Commissioners to participate via ZOOM Meeting ID: 864 1398 9287 Password: 4123 July 14, 2021, at 6:30 pm

CALL TO ORDER:	Commission Chair Findley					
ROLL CALL:	Chair Elsner, Vice Chair Choi, Commissioners Findley, Tao and Wood, and City Treasurer Pia					
COUNCIL LIAISON:	Council Member, Jack Donovan					
STAFF PRESENT:	Interim Assistant City Manager, Elaine Aguilar					

NOTICE OF PUBLIC PARTICIPATION AND ACCESSIBILITY

Pursuant to Executive Order N-08-21 the Special Meeting of the Finance Commission for **July 14, 2021** will be conducted remotely and held by video conference, beginning at 6:30 p.m.

Please be advised that pursuant to the Executive Order, and to ensure the health and safety of the public by limiting human contact that could spread the COVID-19 virus, the Council Chambers will not be open for the meeting. Commissioners will be participating remotely and will not be physically present in the Council Chambers.

If you would like to comment on an agenda item, or make a general public comment, members of the public may submit their comments for Finance Commission's consideration by one of the following options:

Option 1: Participants will be able to "raise their hand" using the Zoom icon during the meeting, and they will have their microphone un-muted during comment portions of the agenda to speak.

Option 2: Email your public comment(s) to **fcpubliccomment@southpasadenaca.gov** Public Comments must be received by 6 p.m., July 13, 2021 to ensure adequate time to compile and post. Public Comment portion of the email is limited to 150 words. Please make sure to indicate: 1) your name; 2) what agenda item you are submitting public comment on, or if it is a general public comment; and 3) clearly state if you wish for your comment to be read.

ACTION/DISCUSSION

1. Review FY 2020 Annual Comprehensive Financial Report

ADJOURNMENT

FUTURE FINANCE COMMISSION MEETINGS

September 23, 2021 In Person Meeting

PUBLIC ACCESS TO AGENDA DOCUMENTS

Prior to meeting's agenda related documents are available for public inspection at, City Hall, 1414 Mission Street, South Pasadena, CA 91030. The complete agenda packet may also be viewed on the City's website at: www.southpasadenaca.gov/financecommission

ACCOMMODATIONS

The City of South Pasadena wishes to make all of its public meetings accessible to the public. Meeting facilities are accessible to persons with disabilities. If special assistance is needed to participate in this meeting, please contact the City Clerk's Division at (626) 403-7230. Upon request, this agenda will be made available in appropriate alternative formats to persons with disabilities. Hearing assistive devices are available in the Council Chamber. Notification at least 48 hours prior to the meeting will assist staff in assuring that reasonable arrangements can be made to provide accessibility to the meeting (28 CFR 35.102-35.104 ADA Title II).

I declare under penalty of perjury that I posted this notice of agenda on the bulletin board in the courtyard of City Hall at 1414 Mission Street, South Pasadena, CA 91030, and on the City's website as required by law.

7/8/2021

Date

Finance Commission Agenda Report

SUBJECT:	Presentation of Draft Annual Comprehensive Financial Report (ACFR) for Fiscal Year Ending June 30, 2020
FROM:	Elaine Agular, Interim Assistant City Manager
DATE:	July 14, 2021

Recommendation

It is recommended that the Finance Commission review, and receive and file the Draft Annual Comprehensive Financial Report (ACFR) for fiscal year ending June 30, 2020.

Discussion/Analysis

Based upon review by the Finance Commission, it is anticipated that draft ACFR will be presented to Council on July 21, 2021.

The State Controller's Office has adopted the recommendation from the Government Finance Officers Association to immediately change the name of the "Comprehensive Annual Financial Report". Consistent with guidance under development by the Governmental Accounting Standards Board, the State Controller's Office has changed the name to the "Annual Comprehensive Financial Report", beginning with reports dated June 30, 2020. The City's report now reflects the revised name.

Background

The attached draft ACFR for fiscal year ending June 30, 2020, is included in the agenda packet for your reference. A representative of Rogers, Anderson, Malody, & Scott, LLP, will be presenting the audit. Please note, the document is a "draft" as there are a few minor typographical items that need to be corrected, and a final "proof reading" by the City's auditors, but staff does not anticipate any major revisions that would change the audit results.

For information purposes, the City Council recently approved a three year contract extension with Rogers, Anderson, Malody, & Scott, LLP for the FY 2021, 2022, and 2023 audits. Staff anticipates that the auditors will begin work on the FY 2021 audit in the near future.

Fiscal Impact

There is no fiscal impact.

FY 2020 ACFR July 14, 2021 Page 2 of 2

Public Notification of Agenda Item

The public was made aware that this item was to be considered this evening by virtue of its inclusion on the legally publicly noticed agenda, posting of the same agenda and reports on the City's website and/or notice in the *South Pasadena Review* and/or the *Pasadena Star-News*.

July xx, 2021

Honorable Mayor and Members of the City Council,

We proudly present to you the City of South Pasadena's Annual Comprehensive Financial Report (ACFR). This report consists of management's representations concerning the finances of the City of South Pasadena. It was prepared by the Finance Department in accordance with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board (GASB). Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. We believe that the data presented is complete and reliable in all material respects; that it is presented in a manner designed to fairly set forth the financial activity of the City's various funds; and that all disclosures necessary to enable the reader to gain a good understanding of the City's financial activity have been included.

The City's financial statements have been audited by Rogers, Anderson, Malody & Scott, LLP, a licensed certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2020, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of South Pasadena's financial statements for the fiscal year ended June 30, 2020, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors in the financial section of the Annual Comprehensive Financial Report.

Profile of the City of South Pasadena

South Pasadena is located approximately six miles northeast of downtown Los Angeles, on the west side of the San Gabriel Valley between the cities of Pasadena, San Marino, Los Angeles and Alhambra and has a population of 25,992. Founded in 1874 by the Indiana Colony, the City

encompasses 3.44 square miles and was incorporated as a General Law city of the State of California on March 2, 1888. South Pasadena is noted for its beautiful, historically significant homes on tree-lined streets, for its excellent public schools and for a small-town atmosphere in the midst of greater Los Angeles.

The City is a full-service general law city that operates under the Council-Manager form of government. The City Council consists of five members elected to four-year

staggered terms of office. The Mayor is selected from the City Council members and serves a one-year term. The City's other elected official is the City Treasurer who serves a four-year term of office.

The City provides a full range of services, including police and fire protection; the construction and maintenance of streets and other infrastructure; sewer services; water utility; refuse collection; public improvements; planning and zoning; recreational activities and cultural events; library operations; and general administrative and support services.

The annual budget serves as the foundation of the City's financial planning and control. The City Council holds a public hearing to adopt the annual budget resolution by July 1 of each fiscal year for all funds and account groups. The City Council may modify appropriations with majority approval. The budgets are adopted and presented on a basis consistent with generally accepted accounting principles.

Changes in budget appropriations at the fund level during the year must be approved by the City Council. The legal level of expenditures is controlled at the fund level, and appropriations lapse at the end of each fiscal year unless encumbered for re-appropriation by the City Council in the following fiscal year. Department heads may, without Council approval, amend individual line items within their departments, within the same fund and only within the maintenance and operations portions of the budget, without increasing total appropriations. The City Manager may, without Council approval, amend individual line items within any fund, and between divisions and programs, in the personnel costs, maintenance and operations, capital outlay and capital projects portions of the budget without increasing total appropriations for that fund.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the environment within which the City of South Pasadena operates.

Local Economy

At the start of FY 2019/2020, the City of South Pasadena, the greater Los Angeles region and the State of California, continue to experience increasing revenues over the last several years The COVID-19 Pandemic and the impacts on the economy, resulting from quarantining and the stayat-home orders, resulted in the economy coming to an almost complete halt in March 2020. California's economy was severely impacted and, in some cases, sectors completely shut down due to the COVID-19 Pandemic.

The four largest sources of revenue to the City's General Fund are property taxes, utility taxes, sales taxes, and current services. Property taxes make up 56% of all General Fund revenues. Utility users' taxes (UUT) make up 12% of total General Fund revenues. Sales taxes make up 10% of total General Fund revenues. Current services make up 10% of the total General Fund revenues.

The top four revenue sources represent approximately 88% of the General Fund revenues. Historical data indicates that the City's General Fund is becoming more reliant on these four revenue sources.

Property taxes are the City's largest tax source and make up more than half of the General Fund revenues. The City of South Pasadena experienced a net taxable value increase of 5.6.% for the 2019/20 tax roll, which was slightly less than the increase experienced countywide at 6.3%. The assessed value increase between 2018/19 and 2019/20 was \$270 million. The change attributed to the 2% Proposition 13 inflation adjustment was \$93.9 million, which accounted for 35% of all growth experienced in the city. Current median home prices, in many regions, are at or above the pre-recession peak values. In the past year, the number of sales has generally declined and growth in median sale prices has flattened in most areas of the State. Despite the moderation of growth in sale prices and somewhat lower mortgage rates, affordability remains a concern. Moreover, the City's proximity to commercial and cultural developments in greater Pasadena offers our residents distinct lifestyle advantages. South Pasadena's assessed values and property taxes are expected to continue performing strongly as the general economy improves. Data also show that South Pasadena retains \$0.24 for every dollar of property tax collected within their city boundaries.

The Utility Users Tax (UUT) is the second largest revenue source for the General Fund, at \$3.4 million. At the November 2020 local elections, the South Pasadena community voted to extend the UUT indefinitely, while retaining the amount at the current 7.5%. When the voters approved the new UUT Ordinance, the sunset clause was removed.

South Pasadena voters had previously approved Measure A, a ³/₄% local sales tax increase in November 2019, with implementation in April 2020. Measure A revenues received in FY 2020, reflected receipts for only a partial year, amounting to approximately \$412,000. Annual receipts are anticipated to amount to approximately \$2 million beginning in FY 2021.

The City underwent a comprehensive fee study in the spring of 2018, which included a resolution to adjust fees according to Consumer Price Index (CPI) moving forward.

Overall, for FY 2020, South Pasadena continues to remain in satisfactory financial condition thanks to a relatively diverse and stable revenue base, and core services have remained consistent.

Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, error and omissions; injuries to employees and natural disasters. The City utilizes a combination of self-insurance, Joint Powers Authority participation and excess insurance to address these concerns. The City's primary coverage provider is Public Risk Innovation, Solutions and Management (PRISM). The purpose of this organization is to provide a form of liability, workers compensation and property coverage whereby risks are transferred to the JPA to fund appropriately for its member agencies. General liability, Workers Compensation and Property losses are pooled among the member cities at certain levels, and coverage is jointly purchased in excess layers. The City pays an annual deposit based on a calculation of prior claims experience and payroll (or Total Insured Values for Property coverage). For Liability, the City has a self-insured retention of \$100,000, losses exceeding the self-retention limit up to \$5 million per claim are recovered from deposits paid by member cities. Individual claims in excess of \$5 million up to a maximum of \$50 million are covered by private insurance carriers. For Workers Compensation, the City has a self-insured retention of \$125,000, losses exceeding the self-retention limit up to \$5 million per claim are recovered from deposits paid by member cities. Individual claims in excess of \$5 million are covered by private insurance carriers who provide 'Statutory' coverage. Additional information on the City's risk management activity can be found in the notes to the financial statements.

Pension Obligations

The City contributes to the California Public Employees Retirement System, an agent multipleemployer public employee defined benefit pension plan for its employees. Each year, an independent actuary engaged by the pension plan calculates the amount of the annual contribution that the City must make to the pension plan to ensure that the plan will be able to fully meet its obligations to retired employees on a timely basis. As a matter of policy, the City fully funds each year's annual required contribution to the pension plan as determined by its funding policy. The unfunded actuarial liability associated with employee services rendered to date is being systematically funded over a set number of years for safety and miscellaneous employees as part of the annual required contribution calculated by the actuary. The City also provides postretirement health care benefits for certain retired employees. The City updated its retiree health contribution to the PEMHCA minimum. Additional information regarding the City's pension arrangements and post-employment benefits can be found in the notes to the financial statements.

Increased demands from CalPERS have also added significant costs. The State's pension fund lost almost 35% of its value during the recession and has been unable to achieve return rates assumed in the pro forma. As with pension programs across the Country, PERS has also found other fundamental assumptions to be unsustainable. For example, retirees are living much longer than originally planned and are pulling benefits for at least a decade longer than anticipated. This is the same issue faced by Social Security and most State pension plans created in the early 20th Century. Currently, funded at just under 70%, PERS is aiming to bring fund balances closer to 90-95%. With few other options, PERS has mandated huge payments from member cities to cover unfunded liability. Pension reforms have been enacted at the State level to reduce future liability, but those changes will not be fully realized for another 20 years. In the meantime, nearly every city in the State is struggling to fund the increases, with experts estimating many small cities will go bankrupt as a result.

South Pasadena offers one of the lowest pension formulas (2% at 55) for miscellaneous employees which has kept the City's liability low compared to Cities who pay 2.5%, 2.7% or even 3.0% at 55. Nonetheless, the City must bear the cost of increased payments to PERS over the next five years at least. Further, it remains unclear how PERS management decisions will impact the City in the future. Investment funds continue to perform far below projected returns and actuarial reports from PERS are several years behind. Many cities are hiring independent actuarial consultants to better analyze future impacts and plan appropriate strategies.

Retiree Health

This past year, the City reduced its retiree healthcare contribution for all employees hired after July 1, 2020. The future retirees will receive a medical benefit equal only to the PEMHCA minimum. By reducing the retiree health contributions for future employees from \$625/month to the PEMCHA minimum (currently \$143/month,) the City will see significant long-term savings and substantially reduce the City's unfunded liabilities.

Fee Study

As part of the 2018-19 Strategic Plan, the City engaged in a fee study to review current fees. The User Fee Study evaluates delivery methods, staffing, and overhead costs to determine the appropriate fee structures and full cost recovery potential of individual services. The study revealed that in total the City collected approximately 59% of the cost of services.

The Fee study indicated the majority of City fees were set at a rate far below the cost of providing the service and that additional fees would be appropriate to align with new services. The study also recommended annual CPI increases which have been incorporated into the resolution for the proposed Fee Schedule.

Cash Management Policies and Practices

Cash temporarily idle during the year was invested in accordance with the City's approved Investment Policy. The policy affords a broad spectrum of investment opportunities, as long as the investment is deemed prudent and permissible under currently effective legislation of the State of California and other imposed restrictions. Criteria for selecting investments and the order of priority are: safety, liquidity and yield. The cash management system of the City is designed to accurately monitor and forecast expenditures and revenues, thus ensuring the investment of monies to fullest extent possible. Attempts are made to obtain the highest yields available as long as investments meet the criteria required for safety and liquidity.

The management of the City is responsible for establishing and maintaining an internal control structure to ensure that the assets of the City are protected from loss, theft or misuse, and to ensure that adequate account data is compiled for the preparation of financial statements, in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control structure should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits require estimates and sound judgments by management.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of South Pasadena for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2019. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report, whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of South Pasadena has received a Certificate of Achievement for the last 30 consecutive years (fiscal years ended 1987 through 2019). We believe our current report continues to conform to the Certificate of Achievement program requirements, and will again submit it to GFOA for award consideration.

The preparation and publication of this report is made possible through the dedication of the entire Finance Department staff. Finally, thanks are extended to the firm of Rogers, Anderson, Malody & Scott, LLP, for their contributions towards improving our financial reporting and year end processes.

Respectfully submitted,

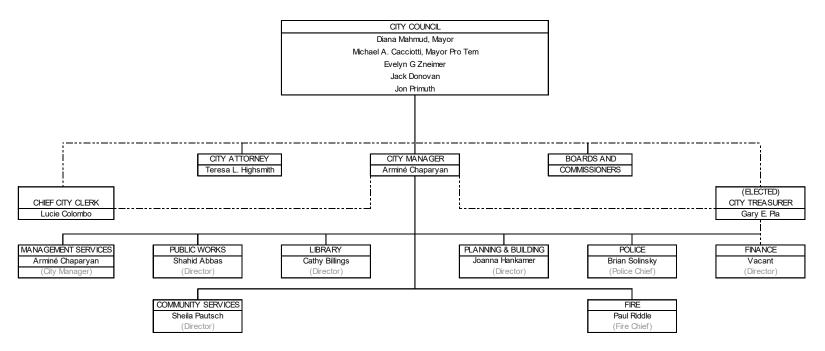

Elaine Aguilar

Executive Director/CEO

FINANCIAL SECTION

Independent Auditor's Report

The Honorable City Council of the City of South Pasadena South Pasadena, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of South Pasadena, California (City), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of South Pasadena, California, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as noted in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of South Pasadena's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the nonmajor fund budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July xx, 2021 on our consideration of the City of South Pasadena's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of South Pasadena's internal control over financial reporting and compliance.

Rogers, Anderson, Malody & Scott, LLP.

San Bernardino, California July xx, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Management's Discussion and Analysis

As management of the City of South Pasadena, we offer readers of the City of South Pasadena's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and the City's financial statements.

(A) Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$82,324,305. Unrestricted net position in an amount of (\$13,119,613) is primarily due to the City recording the net pension liability, other post-employment benefits liability and deferred outflows/inflows of resources related to each, per GASB Statements No. 68, and 75.
- The City's total net position increased by \$840,764.
- At the close of the current fiscal year, the City's governmental funds reported combined fund balances of \$30,795,510 an increase of \$1,801,104. Of this amount, \$10,883,548 or approximately 35% of total fund balances are available for spending at the City's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$12,700,662, or 48% of the total General Fund Expenditures.
- The City's net investment in capital assets increased \$637,392 from the prior fiscal year.

(B) Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows/inflows of resources, and liabilities, with the difference between these items reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of South Pasadena is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, with the use of the accrual basis of accounting, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of South Pasadena, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of South Pasadena maintains 35 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered to be a major fund for the purposes of this report. Data from the other 34 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these *non-major* governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City of South Pasadena adopts an annual appropriated budget for its General Fund and each of its special revenue funds. A budgetary comparison statement has been provided for each governmental fund to demonstrate compliance with this budget. The budgetary comparison statement for the General Fund is located in the basic financial statements; the budgetary comparison statements for the non-major governmental funds are presented in the Additional Financial Information section of this report.

Proprietary funds. The City of South Pasadena maintains two types of proprietary funds: enterprise fund and internal service fund. The enterprise fund is used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for the operations for its water and sewer utilities, and the municipal golf course. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The internal service fund is used to accumulate and allocate costs internally among the City's functions for general liability and workers' compensation insurance. Because the internal service operations benefit both governmental and business-type functions, they have been proportionally allocated and included within the governmental and business-like activities in the government-wide financial statements. Individual fund data for the internal service fund is provided in the form of combining statements in this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Fiduciary funds. The City of South Pasadena maintains one type of fiduciary fund, a private purpose trust fund. *Fiduciary funds* are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs. The City uses one type of fiduciary fund, a private purpose trust fund, to account for the assets and liabilities of the former Community Redevelopment Agency.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found in notes to the financial statements.

The combining statements referred to earlier in connection with non-major governmental funds together with information are presented immediately following the notes to the financial statements.

(C) Government-wide Financial Analysis

Net position may serve as a useful indicator of a government's financial position. In the case of the City of South Pasadena, assets exceeded liabilities by \$82,324,305 at the close of the most recent fiscal year. This represents an increase of \$840,764 or 1% from the prior year, primarily due to an increase in investments in capital assets. Capital Assets are by far the largest portion of the City's net position; \$84,650,566 or 103% reflects its investment in non-liquid capital assets (e.g., land, infrastructure, buildings, and equipment). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

City of South Pasadena Net Position As of June 30, 2020 and 2019

The second portion of the City net position of \$10,793,352 represents special revenue resources that are subject to external restrictions on how they may be used. Unrestricted net position shows a negative balance of (\$13,119,613).

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

The City's governmental current assets increased by \$2,623,798 and capital assets decreased by \$956,521. Current assets increased due to more cash on hand and capital assets decreased due to decrease spending on capital projects and current year depreciation.

The City's business-type current assets increased by \$3,900,917, due to proceeds from capital debt for capital spending water and sewer projects. The City reported a net increase of \$5,679,0514 in capital assets due to an increase in construction-in-progress relating to the Graves Well Rehabilitation Project, and completion of the Wellhead Treatment Project.

City of South Pasadena Change in Net Position For the Years Ended June 30, 2020 and 2019

Governmental Activities

Governmental activities net position decreased by \$3,578,179, due to an increase in general expenses across multiple departments, which is offset with a small increase in the general revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Business-type Activities

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but offers more detail in the form of a statement of cash flows. Unrestricted net position of the fund at the end of the fiscal year shows \$13,371,764. Total net position for these funds was \$39,785,418, an increase of \$4,418,943 (12%) over the prior year, due to increases in the capital construction expenses for the Graves Well Rehabilitation Project, and Wellhead Treatment Project

(D) Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows and outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$30,795,510 an increase of \$1,801,104 from the prior fiscal year. Approximately 35% of fund balances constitute the unassigned fund balance, which is available for spending at the City's discretion. The remainder of the fund balance is either restricted for projects undertaken in the Special Revenue Funds (31%), committed by City Council action for specific purposes (32%), or represents net position that are non-spendable resources (%).

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$12,700,662, while the total fund balance reached \$18,553,740. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned fund balance represents 48% of General Fund expenditures, while the total fund balance represents 71% of that same amount.

The fund balance of the City's General Fund increased by \$135,855 in the current fiscal year. This represents an increase of less than 1% in fund balance from FY 2019. This was the result of overall increase in revenues, off-set by an overall increase in expenditures and Transfers Out.

General Fund Budgetary Highlights

The City adopts annual appropriated operating budgets for its governmental funds (General Fund, Special Revenue and Capital Projects Funds) and reports the results of operations on a budgetary comparison basis. The City also uses annual financial plans as a management tool for its enterprise funds, although the City does not report the results of these funds on a budgetary comparison basis.

In preparing its budgets, the City attempts to estimate its revenues using realistic, but conservative, methods so as to budget its expenditure appropriations and activities in a prudent manner. As a result, the City Council adopts budget adjustments during the course of the fiscal year to reflect both changed priorities and availability of additional revenues to allow for expansion of existing programs. During the course of the year, the City Council amended the originally adopted budget for various additional programs.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

The General Fund reflected a net total favorable budget variance of \$366,087 when comparing actual amounts to the final budget for the current fiscal year. This budget variance reflects a favorable variance in revenues of \$500,586 and a favorable variance in total expenditures of \$406,633, and an unfavorable variance in transfers out of (\$541,132).

Capital Asset and Debt Administration

Capital assets. The City's net investment in capital assets for its governmental activities and businesstype activities as of June 30, 2020, amounts to \$59,395,318 and \$25,255,248, respectively. This investment in capital assets includes land, buildings, park improvements, roadways, vehicles, computer equipment, furniture, other equipment, and construction in progress and is offset by capital-related debt.

Additional information on the City's capital assets can be found in Note 3 in the Notes to Financial Statements section of this report.

Long-term liabilities. At the end of the current fiscal year, the City of South Pasadena had total liabilities outstanding related to governmental activities of \$51,107,936.

Governmental Activities Long-term Liabilities

	Governmental Activities					
	2020 2019					
Employee compensated absences	\$	935,322	\$	603,136		
OPEB liability		14,581,610		14,416,661		
Net pension liability		35,591,004		33,491,723		
Total long-term liabilities	\$	51,107,936	\$	48,511,520		

The City's governmental activities long-term liabilities increased during the current fiscal year primarily due to changes in the net pension liability.

Business-Type Activities Long-term Liabilities

	Business-Type Activities					
		2020 2019				
Employee compensated absences	\$	66,358	\$	21,274		
Loans payable		15,138,700		9,866,459		
Bonds payable		44,066,081		45,526,831		
OPEB liability		2,256,277		2,230,753		
Net pension liability		3,736,073		2,904,412		
Total long-term liabilities	\$	65,263,489	\$	60,549,729		

Business-type activities long-term liabilities increased \$4,713,760 during the current fiscal year due to drawdown on the SRF State Loan. The increase is offset by payments towards the principal for the 2012 State Loan, 2013 Water Revenue Bonds, and 2016 Water Revenue Bonds. Further details on long-term debt can be found in Notes 5 through 7 in the Notes to Financial Statements section of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Economic Factors and Next Year's Budget

- Increases in the contributions toward employee pensions through the California Public Employees Retirement System (PERS) as well as the increasing unfunded liability for Other Post-Employment Benefits remain serious concerns. In order to begin addressing these issues, the South Pasadena City Council has already committed \$1,000,000 of the General Fund balance towards funding retiree benefits and has prepaid the annual unfunded liability for both classic miscellaneous and safety employees. During the upcoming fiscal year, the City Council is anticipated to evaluate alternatives to respond to this increasing liability.
- Sales taxes generally are a direct reflection of the general economy. The City has a mature tax base, with no big box stores or car dealerships, etc. Sales taxes have been increasing. The City had emerged from recession and receipts have moved back to pre-recession levels, until the onset of the COVID-19 pandemic. The economic impacts of the COVID-19 pandemic on City revenues, and sales taxes specifically, will hopefully be somewhat offset by a full year's receipts of Measure A, the ³/₄% local sales tax increase.

During the 2019-2020 fiscal year, unassigned fund balance in the General Fund remained substantial at \$12,700,662. Due to the financial uncertainty resulting from the pandemic, and City Council direction, the fiscal year 2021 Budget includes no General Fund funding for new capital improvement projects. Only carry-over projects or capital projects funded from restricted funds are included in the FY 2021 budget. It remains the intention of City management not to use fund balance reserves for purposes of meeting costs of operations.

Requests for Information

This financial report is designed to provide a general overview of the financial position of the City of South Pasadena for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the Finance Department, FinanceDepartment@southpasadenaca.gov, 626.403.7250, or by U.S. mail: Finance Department, 1414 Mission Street, South Pasadena, CA 91030.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2020

Net changes in fund balances - total governmental funds	\$	1,801,104		
Amounts reported for governmental activities in the statement of activities are different because:				
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period: Capital asset expenditures, net of deletions of capital assets \$2,216,166 Depreciation expense, net of deletions of capital assets \$3,172,687		(056 521)		
Certain revenues in the governmental funds are deferred inflows of resources because they are measurable but not available under the modified accrual basis of accounting. However, the revenues are included on the accrual basis used in the government-wide statements. This amount represents the change during the year:		(956,521)		
Grants and other reimbursement revenue		54,700		
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds: Change in compensated absences (332,186) Changes in pension related items (2,278,478) Changes in other post-employment benefits related items (278,203)				
		(2,888,867)		
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is included in the statement of activities.		(1,588,595)		
Changes in net position of governmental activities	\$	(3,578,179)

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies

A. Description of Entity

As required by accounting principles generally accepted in the United States of America, these financial statements present the City of South Pasadena, California (the City) and its component units, entities for which the City is considered financially accountable. Blended component units, although legally separate entities, are, in substance, part of the Government's operation, so data from these units are combined herein. The criteria used in determining the scope of the reporting entity is based on the provisions of GASB Statement No. 14 as amended by Statement 39, 61 and 80 and were as follows:

- 1. The members of the City Council also act as the governing body of the City of South Pasadena Housing Authority (the Authority).
- 2. The Authority is managed by employees of the City.
- 3. The Authority is financially interdependent with the City.

The City of South Pasadena was incorporated on March 2, 1888, under the general laws of the State of California. The City provides a full range of municipal services, including public safety (police and fire), streets, sanitation, refuse collection, sewer, water, parks and recreation, public improvements, planning and zoning, housing and community development, and general administrative and support services.

Blended Component Units

City of South Pasadena Housing Authority - The Authority was established pursuant to California Housing Authorities Law (Health and Safety Code Sections 34200 et seq.) on April 6, 2011. The purpose of the Housing Authority is to provide safe and sanitary housing opportunities for South Pasadena residents. The primary government has operational responsibility for the Housing Authority. Although the Housing Authority is legally separate, it is reported as if it were part of the City because the City Council also serves as the governing board of the Housing Authority. Separate financial statements of the Housing Authority are not prepared. Additionally, the Housing Authority took over the housing activities from the former Community Redevelopment Agency due to its dissolution on January 31, 2012.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. All fiduciary activities are reported only in the fiduciary fund financial statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

B. Government-wide and Fund Financial Statements (continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the fiscal year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Other general revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary and private-purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The City reports the following major governmental fund:

• The <u>General Fund</u> is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major proprietary funds:

- The <u>Water Fund</u> is used to account for the construction, operation, and maintenance of the City-owned water system.
- The <u>Sewer Fund</u> is used to account for the provision of sewer construction, maintenance, and operation services to residents of the City.

The City's fund structure also includes the following fund types:

- The <u>Private Purpose Trust Fund</u> accounts for the assets and liabilities of the former community redevelopment agency and its allocated revenue to pay estimated installment payments of enforceable obligations until obligations of the former community redevelopment agency are paid in full and assets have been liquidated. Please refer to Note 11 for more information.
- The <u>Internal Service Fund</u> is used to accumulate and allocate costs internally among the City's functions for general liability and worker's compensation insurance. Because the internal service operations benefit both governmental and business-type functions, they have been proportionally allocated and included within the governmental and business-like activities in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the governmentwide financial statements. Exceptions to this general rule are charges between the government's proprietary funds function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Proprietary funds and the internal service fund distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Enterprise Funds are charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City has elected to follow all pronouncements of the GASB.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. For financial statement presentation purposes, cash and cash equivalents are shown as both restricted and unrestricted cash and investments in the Governmental and Proprietary Funds.

Investments for the City, as well as for its component units, are reported at fair value. The City's policy is generally to hold investments until maturity or until market values equal or exceed cost. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans), or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (continued)

Receivables and Payables (continued)

All trade and property tax receivables are shown net of an allowance for uncollectible amounts.

Property tax revenue is recognized in the fiscal year for which the taxes have been levied providing they become available. Available means when due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter (not to exceed 60 days) to be used to pay liabilities of the current period. The County of Los Angeles collects property taxes for the City. Tax liens attach annually as of 12:01 A.M. on the first day in January proceeding the fiscal year for which the taxes are levied. The tax levy covers the fiscal period July 1 to June 30. All secured personal property taxes and one-half of the taxes on real property are due November 1; the second installment is due February 1. All taxes are delinquent, if unpaid, after December 10 and April 10, respectively. Unsecured personal property taxes become due on the first of March each year and are delinquent after August 31.

Functional Classifications

Expenditures of the Governmental Funds are classified by function. Functional classifications are defined as follows:

General Government includes legislative activities which have a primary objective of providing legal and policy guidelines for the City. Also included in this classification are those activities which provide management or support services across more than one functional area.

Public Safety includes those activities which involve the protection of people and property.

Community Development includes those activities which involve the enhancing of the general quality of life.

Community Services includes activities such as administering the Senior Center, recreation classes, and special events committees.

Public Works includes those activities that involve the maintenance and improvement of City streets, roads and park department development and maintenance.

Capital Outlay includes those activities that account for the acquisition of capital assets.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (continued)

Functional Classifications (continued)

Inventories

Inventory consisting primarily of materials and supplies is held by the Water Enterprise Fund. Such goods are valued using the average-cost method applied on a first-in, first-out (FIFO) basis. Inventories reported in the City's General Fund are charged to inventories when purchased and treated as an expenditure when issued.

Restricted Assets

Certain proceeds of debt issues, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet and statement of net position because their use is limited by applicable bond covenants. In addition, funds have been restricted for future capital improvements by City resolution.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 for non-infrastructure assets and \$25,000 for infrastructure assets (amount not rounded). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

CITY OF SOUTH PASADENA

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (continued)

Functional Classifications (continued)

Capital Assets (continued)

Property, plant and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	50
Improvements other than buildings	10 - 25
Machinery and equipment	3 - 30
Vehicles	8
Infrastructure	Years
Sewer collection system	60
Storm drain system	60
Bridges	60
Hardscape	40
Parkways and medians	40
Pavement, curbs and gutters, and sidewalks	35
Streetlights	20
Electronic traffic control devices	20

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and balance sheet of governmental funds will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statement of net position and balance sheet of governmental funds will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from three sources: property taxes, special assessments, and reimbursable grants billed but not yet available. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (continued)

Functional Classifications (continued)

Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Balance Flow Assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Compensated Absences

It is the policy of the City to record the cost of annual vacation as accrued. Employees are 100% vested in accrued vacation after six months of employment. The entire compensated absence liability for the Enterprise Fund is accrued as earned in the Enterprise Fund. All accumulated compensated absence liability of governmental funds is accrued when incurred in the government-wide financial statements. Compensated absences are reported in governmental funds only if they have matured.

It is the policy of the City to pay sick leave as used; accordingly, the expenditures are recorded when paid. Sick leave does not vest with employees. Accordingly, employees do not receive a payout for unused sick leave upon termination, although employees do receive credit for unused sick leave upon retirement.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (continued)

Functional Classifications (continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website at www.calpers.ca.gov.

GASB Statement No. 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

Valuation Date (VD)	June 30, 2018
Measurement Date (MD)	June 30, 2019
Measurement Period (MP)	July 1, 2018 to June 30, 2019

Other Postemployment Benefits (OPEB)

For purposes of measuring the totaled OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are reported at fair value.

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date (VD)	June 30, 2019
Measurement Date (MD)	June 30, 2019
Measurement Period (MP)	July 1, 2018 to June 30, 2019

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (continued)

Functional Classifications (continued)

Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

Fund Equity

In the fund financial statements, governmental funds report the following fund balance classification:

Nonspendable include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted include amounts that are constrained on the use of resources by either (a) external creditors, grantors, contributors, or laws of regulations of other governments or (b) by law through constitutional provisions or enabling legislation.

Committed include amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest authority, City Council. The formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution of the City Council.

Assigned include amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The City Council, with Resolution No. 7152, authorized the Finance Director to assign fund balance amounts for specific purposes.

Unassigned include the residual amounts that have not been restricted, committed, or assigned to specific purposes. The General Fund is the only fund that can report a positive unassigned fund balance.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (continued)

Functional Classifications (continued)

Fund Equity (continued)

An individual governmental fund could include nonspendable resources and amounts that are restricted or unrestricted (committed, assigned, or unassigned) or any combination of those classifications. Restricted amounts are to be considered spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and committed, assigned, and then unassigned amounts are considered to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balances classifications can be used.

The City Council adopts and amends committed fund balance amounts for specific purposes through a resolution. When expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted amounts to be used first. When expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, they are considered to be spent in the order as follows: committed, assigned, and then unassigned.

Net Position

In the government-wide financial statements and proprietary fund financial statements, net position is classified as follows:

<u>Net Investment in Capital Assets</u> – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of those assets.

<u>Restricted</u> – This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

<u>Unrestricted</u> – This component of net position is the amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses, during the reporting period. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 2: Cash and Investments7

Cash and investments are classified in the accompanying financial statements as follows:

Statement of net position:	
Cash and investments	\$ 47,381,502
Cash and investments with fiscal agents	1,158,406
Statement of fiduciary net position:	
Cash and investments	65,973
Cash and investments with fiscal agents	 198,080
Total cash and cash equivalents	\$ 48,803,961

Cash and investments at June 30, 2020, consists of the following:

Cash and cash equivalents:	
Petty cash	\$ 9,236
Deposits with financial institutions	14,385,085
Investments	34,409,640
Total cash and cash equivalents	\$ 48,803,961

The City of South Pasadena maintains a cash and investment pool that is available for use for all funds. Each fund type's position in the pool is reported on the combined balance sheet as cash and investments. The City has adopted an investment policy which authorizes it to invest in various investments.

A. Deposits

At June 30, 2020, the carrying amount of the City's deposits was \$14,385,085 and the bank balance was \$14,011,978. The \$373,107 difference represents outstanding checks and other reconciling items.

The California Government Code requires California banks and savings and loan associations to secure a City's deposits by pledging government securities with a value of 110% of a City's deposits. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of a City's total deposits. The City Treasurer may waive the collateral requirement for deposits which are fully insured up to \$250,000 by the FDIC. The collateral for deposits in federal and state chartered banks is held in safekeeping by an authorized Agent of Depository recognized by the State of California Department of Banking. The collateral for deposits with savings and loan associations is generally held in safekeeping by the Federal Home Loan Bank in San Francisco, California as an Agent of Depository. These securities are physically held in an undivided pool for all California public agency depositors.

Under Government Code Section 53655, the placement of securities by a bank or savings and loan association with an "Agent of Depository" has the effect of perfecting the security interest in the name of the local governmental agency. Accordingly, all collateral held by California Agents of Depository are considered to be held for, and in the name of, the local governmental agency.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 2: Cash and Investments (continued)

B. Investments

Under provision of the City's investment policy, and in accordance with Section 53601 of the California Government Code, the City may invest in the following types of investments:

Authorized Investment Type	Authorized by Investment Policy	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment In One Issuer	Minimum Quality Requirements
Local Agency Bonds	Yes	5 years	None	None	N/A
U.S. Treasury Obligations	Yes	5 years	None	None	N/A
State Obligations - CA & Others	Yes	5 years	None	None	N/A
CA Local Agency Obligations	Yes	5 years	None	None	N/A
U.S. Agency Obligations	Yes	5 years	None	None	N/A
Banker's Acceptances	Yes	180 days	40%	30%	N/A
Commercial Paper - Select Agencies	Yes	270 days	25%	10%	A-1
Commercial Paper - Other Agencies	Yes	270 days	40%	None	A-1
Negotiable Certificates of Deposit	Yes	5 years	30%	None	N/A
CD Placement Service	Yes	5 years	30%	None	N/A
Repurchase Agreements	Yes	1 year	None	None	N/A
Reverse Repurchase Agreements	Yes	92 days	20%	None	N/A
Medium-Term Notes	Yes	5 years	30%	N/A	A
Mutual Funds	Yes	N/A	20%	10%	N/A
Money Market Mutual Funds	Yes	N/A	20%	10%	N/A
Collateralized Bank Deposits	Yes	5 years	None	None	N/A
Mortgage Pass-Through Securities	Yes	5 years	20%	None	AA
Bank/Time Deposits	Yes	5 years	None	None	N/A
County Pooled Investment Funds	Yes	N/A	None	None	N/A
Joint Powers Authority Pool	Yes	N/A	None	None	N/A
Local Agency Investment Fund	Yes	N/A	None	None	N/A
Voluntary Investment Program Fund	Yes	N/A	None	None	N/A

The City has monies held by trustees or fiscal agents pledged to the payment or security of certain bonds. The California Government Code provides that these monies, in the absence of specific statutory provisions governing the issuance of bonds, may be invested in accordance with the ordinance, resolutions, or indentures specifying the types of investments its trustees or fiscal agents may make.

C. Investments in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with State statute. The State Treasurer's Office audits the fund annually. The fair value of the position in the investment pool is the same as the value of the pool shares.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 2: Cash and Investments (continued)

D. Credit Risk

The City's investment policy limits investments in medium-term notes (MTN's) to those rated "A" or better by a nationally recognized statistical rating organization. Investments in U.S. government securities are not considered to have credit risk and, therefore, their credit quality is not disclosed.

Presented below is the minimum rating required by the City's Investment Policy and the actual rating as of June 30, 2020:

					Rating as of Fiscal Year End												
Investment Type	Amount	Minimum Legal Rating		pt from osure		4A+		AA		AA-		A+		A		A-	Not Rated
Local Agency Investment Fund	\$ 16,624,545	N/A	\$	-	\$	-	\$	-	\$	-	\$	-	\$	-	\$	-	\$ 16,624,545
Money Market Mutual Funds	109,611	N/A		-		-		-		-		-		-		-	109,611

Government Agency Securities	3,792,816	A		-	3,7	92,816		-		-		-		-		-	-
Medium-Term Notes	5,151,475	A		-	3	808,968		320,391		251,765	1,	150,895	1	,766,588	1,	352,868	
Total	\$ 34,409,640		\$ 8,73	31,193	\$4,1	01,784	\$	320,391	\$	251,765	\$1,	150,895	\$1	,766,588	\$1,	352,868	\$ 16,734,156

E. Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Of the bank balances, up to \$250,000 is federally insured and the remaining balances are collateralized in accordance with the California Government Code.

F. Concentration of Credit Risk

The City's investment policy imposes restrictions on the percentage that the City can invest in a single type of investment in accordance with CA Government Code. In addition, GASB 40 requires a separate disclosure if any single issuer comprises more than 5% of the total investment value. As of June 30, 2020, investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments are as follows:

Federal Home Loan Mortgage Corporation	FHLMC	1,241,595
Federal Home Loan Bank	FHLB	671,484

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 2: Cash and Investments (continued)

G. Interest Rate Risk

The City's investment policy limits investment maturities, in accordance with CA Government Code, as a means of managing its exposure to fair value losses arising from increasing interest rates. The certificates of deposit in cash with fiscal agent below with a maturity of three to five years are governed by the debt agreements, rather than the City's investment policy. The City has elected to use the segmented time distribution method of disclosure for its interest rate risk.

As of June 30, 2020, the City had the following investments and original maturities:

Investment Type	<u>6 mo</u>	nths or less	01	nonths to 1 year	1	1 to 3 years	3 to 5 years	Total
Local Agency Investment Fund Money Market Mutual Funds U.S. Treasury Notes Government Agency Securities	\$	16,624,545 109,611 - -	\$	- - 796,405 -	\$	- 4,754,637 671,484	\$- - 3,180,151 3,121,332	\$ 16,624,545 109,611 8,731,193 3,792,816
Medium-Term Notes		967,283		508,644		3,406,760	268,788	5,151,475
Total	\$	17,701,439	\$	1,305,049	\$	8,832,881	\$ 6,570,271	\$ 34,409,640

H. Fair Value Measurements

The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by the generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; level 2 inputs are significant other observable inputs; level 3 inputs are significant unobservable inputs.

The following table presents the balances of the assets measured at fair value on a recurring basis as of June 30, 2020.

Investment by Fair Value Level	Fair Value		Level 1		 Level 2		Level 3	
Debt securities:								
Money Market Mutual Funds	\$	109,611	\$	109,611	\$ -	\$	-

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 4: Interfund Receivable, Payable and Transfers

A. Due To/From Other Funds

At June 30, 2020, the City had the following internal balances:

	Due To Other Funds						
	Nonmajor						
Due From Other Funds	Funds	Total					
	• · · - · -	• • • • • • • • • • •					
General Fund	<u>\$ 1,784,613</u>	\$ 1,784,613					

The due to General fund of \$1,784,613 for various Nonmajor Governmental Funds was a result of temporary cash deficit balances in those funds.

B. Advances to/from Other Funds

The General Fund advanced \$750,000 to the Sewer Fund on July 11, 2012, in order to fund the construction of the Arroyo Drive, Marengo Ave, Meridian Ave, and Huntington Drive Sewer Improvement Project. The advance bears interest at the City's portfolio rate of return, with payments due within ten years. The balance outstanding at June 30, 2020 is \$300,000.

C. Transfers

				Trans	fers lı	า			
	Internal		Ν	lon-Major		Water	Total		
	Service		Governmental		Enterprise		Transfers		
	Fund		Funds		Fund		Out		
Transfers Out:									
General Fund	\$	140,000	\$	1,990,597	\$	321,132	\$	2,451,729	
Total Transfers In:	\$	140,000	\$	1,990,597	\$	321,132	\$	2,451,729	

All transfers were made as budgeted. \$965,000 was transferred from the General Fund to the Street Improvements Fund for various projects including the following: Alpha Ave & Camino Del Sol, Bushnell Ave & Diamond Ave, Monterey Road, etc.; \$825,000 was transferred from the General Fund to the Facilities and Equipment Capital Projects Fund for planned facilities maintenance and equipment replacement, such as improvements to the VOIP system and purchase of safety vehicles; \$200,597 was transferred from the General Fund to the LLMD Fund for Professional Tree Removal and replacement; \$321,132 was transferred from the General Fund to the Water Enterprise fund for water utility billing costs; \$140,000 was transferred from the General Fund to the Internal Service Fund for the cost of insurance.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 5: Long-Term Debt

The following is a summary of changes in long-term liabilities for the year ended June 30, 2020:

	Balance June 30, 2019	Additions	Deletions	Balance June 30, 2020	Due Within One Year
Business-Type Activities:					
2012 State Loan Payable - Direct Borrowing	\$ 9,186,997	\$-	\$ (241,565)	\$ 8,945,432	\$-
SRF State Loan Payable - Direct Borrowing	679,462	5,553,639	(39,833)	6,193,268	-
2013 Water Revenue Bonds	5,010,000	-	(375,000)	4,635,000	390,000

Issuance Premium	4,212,778		(208,038)	4,004,740	208,038
Total Business-Type Activities	\$ 55,393,290	\$ 5,553,639	\$ (1,742,148)	\$ 59,204,781	\$ 1,505,750

2012 State Loan Payable (Direct Borrowing)

California State Water Resources Control Board loaned the City an assessable amount of \$11,000,000 over the term agreement starting December 1, 2013 through May 30, 2037. The proceeds from the loan are to be used by the City for its rehabilitation and replacement of the City's sewer infrastructure. The loan acts as an installment sale agreement, in which, the City must expend its own funds prior to drawing on the accessible loan amount for reimbursement. Repayment of project funds, together with all interest accrued thereon, by the City shall be repaid in annual installments commencing 1 year after the completion of the project. For the period ended June 30, 2020, the amount payable to the California State Water Resources Control Board was \$8,945,432.

SRF State Loan Payable (Direct Borrowing)

California State Water Resources Control Board loaned the City an assessable amount of \$10,803,550 over the term agreement starting November 15, 2017 through January 1, 2050. The proceeds from the loan are to be used by the City for the Graves Reservoir Replacement Project. The loan acts as an installment sale agreement, in which, the City must expend its own funds prior to drawing on the accessible loan amount for reimbursement. Repayment of project funds, together with all interest accrued thereon, by the City shall be repaid in annual installments commencing 1 year after the completion of the project. The loan payable has an interest rate of 1.7%. Current year draw-downs were \$5,553,639, resulting in an outstanding balance as of June 30, 2020 of \$6,193,268.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 5: Long-Term Debt (continued)

2013 Water Revenue Bonds

In March, 2013, the South Pasadena Public Financing Authority issued \$6,995,000 Water and Wastewater Revenue Bonds, 2013 Series A. The bonds were issued to refund of a portion of the outstanding California Statewide Communities Development Authority Water and Wastewater Revenue Bonds, Series 2004A that were issued on behalf of the City of South Pasadena, to purchase a surety for a reserve fund for the Bonds, and to pay costs of issuance of the bonds. The bonds are secured by a pledge of system net revenues of the City's water system.

Bond proceeds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. In addition, funds have been restricted for future capital improvements by City resolution.

The serial bonds mature annually from October 1, 2014 to October 1, 2029, in increasing amounts from \$325,000 to \$545,000. The bonds bear interest at rates ranging from .35% to 3.4%. The term bonds mature on October 1, 2029, and carry an interest rate of 5.0%. Interest is payable semi-annually on April 1 and October 1, commencing on October 1, 2014 and October 1, 2029, respectively.

If the City defaults on its obligations to make debt service payments on the bonds, the trustee, as assignee of the City, has the right to accelerate the total unpaid principal amount of the bonds. However, in the event of a default and such acceleration, there can be no assurance that the trustee will have sufficient moneys available for payment of the bonds.

Year Ending June 30,		Principal		Interest		Total
2021	\$	390,000	\$	158,988	\$	548,988
2022	•	405,000	•	143,088	·	548,088
2023		420,000		128,688		548,688
2024		435,000		113,688		548,688
2025		450,000		95,987		545,987
2026-2030		2,535,000		210,737		2,745,737
Total	\$	4,635,000	\$	851,176	\$	5,486,176

The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2020, including interest are as follows:

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 5: Long-Term Debt (continued)

2016 Water Revenue Bonds

In November, 2016, the City of South Pasadena issued \$37,845,000 Water Revenue Refunding Bonds. The bonds were issued to refund all of the outstanding 2009 Water Revenue Bonds, purchase a municipal bond insurance policy to guarantee payment of the principal of and interest on the 2016 bonds and to pay costs of issuance of the 2016 bonds.

The serial bonds mature annually from October 1, 2017 to October 1, 2036, in amounts from \$835,000 to \$2,610,000. The bonds bear interest at rates ranging from 2% to 5%. The term bonds mature on October 1, 2039, and carry an interest rate of 5.0%. Interest is payable semi-annually on April 1 and October 1, commencing and ending on April 1, 2017 and April 1, 2037, respectively.

If the City defaults on its obligations to make debt service payments on the bonds, the trustee, as assignee of the City, has the right to accelerate the total unpaid principal amount of the bonds. However, in the event of a default and such acceleration, there can be no assurance that the trustee will have sufficient moneys available for payment of the bonds.

Year Ending June 30,	Principal	Interest	 Total
2021	\$ 880,000	\$ 1,551,038	\$ 2,431,038
2022	905,000	1,519,738	2,424,738

Total	\$ 35,170,000	\$ 18,839,478	\$ 54,009,478

The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2020, including interest are as follows:

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 6: Compensated Absences

The City's liability at June 30, 2020 for vested and unpaid compensated absences (accrued vacation and compensatory time) is as follows:

	Balance e 30, 2019	 Additions	 Deletions	Balance ne 30, 2020	 ue Within)ne Year
Governmental activities Business-type activities	\$ 603,136 21,274	\$ 825,666 62,135	\$ (493,480) (17,051)	\$ 935,322 66,358	\$ 93,532 6,636
Total compensated absences payable	\$ 624,410	\$ 887,801	\$ (510,531)	\$ 1,001,680	\$ 100,168

Compensated absences are paid, if matured, out of the General Fund, other various special revenue funds and enterprise funds.

Note 7: City Employees Defined Benefit Pension Plan

A. General Information about the Pension Plans

Plan Description

All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees' Retirement System (CalPERS.) The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire) and a miscellaneous risk pool (all other). Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. The City sponsors five rate plans (two miscellaneous and three safety). Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS' website, at www.calpers.ca.gov.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 5 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 7: City Employees Defined Benefit Pension Plan (continued)

A. General Information about the Pension Plans (continued)

The Plan operates under the provisions of the California Public Employees' Retirement Law (PERL), the California Public Employees' Pension Reform Act of 2013 (PEPRA), and the regulations, procedures and policies adopted by the CalPERS Board of Administration. The Plan's authority to establish and amend the benefit terms are set by the PERL and PEPRA, and may be amended by the California state legislature and in some cases require approval by the CalPERS Board.

Benefits Provided

The Plans' provisions and benefits in effect at June 30, 2020 are summarized as follows:

Miscella	aneous

Total	393	71	207	23

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 7: City Employees Defined Benefit Pension Plan (continued)

A. General Information about the Pension Plans (continued)

Contributions

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. For public agency cost-sharing plans covered by either the Miscellaneous or Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements are classified as plan member contributions. Employer Contributions to the Plan for the fiscal year ended June 30, 2020 were \$4,295,978. The actual employer payments of \$3,460,075 made to CalPERS by the City during the measurement period ended June 30, 2019 differed from the City's proportionate share of the employer's contributions of \$4,543,544 by \$1,083,469, which is being amortized over the expected average remaining service lifetime in the Public Agency Cost-Sharing Multiple Employer Plan.

B. Net Pension Liability

The City's net pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Plan is measured as of June 30, 2019, using an annual actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is as follows:

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 7: City Employees Defined Benefit Pension Plan (continued)

B. Net Pension Liability (continued)

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

Valuation Date Measurement Date Actuarial Cost Method	June 30, 2018 June 30, 2019 Entry Age Normal in accordance with the requirements of GASB 68
Asset Valuation Method Actuarial Assumptions:	Market Value of Assets
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	Varies by entry age and service
Mortality Rate Table (1)	Derived using CALPERS' membership data for all Funds
Post Retirement Benefit Increase	The lesser of contract COLA up to 2.50% until purchasing power protection allowance floor on purchasing power applies, 2.50% thereafter
(1) The mortality table used was developed base	ed on CalPERS' specific data. The probabilities of

(1) The mortality table used was developed based on CalPERS' specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Preretirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

All other actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CaIPERS' website, at www.calpers.ca.gov.

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both shortterm and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 7: City Employees Defined Benefit Pension Plan (continued)

B. Net Pension Liability (continued)

The expected real rates of return by asset class are as follows:

Asset Class ¹	Current Target <u>Allocation</u>	Real Return Years 1 - 10 ²	Real Return Year 11+ ³
Global equity	50.0%	4.80%	5.98%
Fixed income	28.0%	1.00%	2.62%
Inflation assets	-	0.77%	1.81%
Private equity	8.0%	6.30%	7.23%
Real assets	13.0%	3.75%	4.93%
Liquidity	1.0%	-	(0.92%)
Total	100.0%		

¹ In the System's CAFR, fixed income is included in global debt securities; liquidity is included in short-term investments; inflation assets are included in both global equity securities and global debt securities.

² An expected inflation of 2.0% used for this period

³ An expected inflation of 2.92% used for this period

Change of Assumptions

There were no changes in assumptions.

Discount Rate

The discount rate used to measure the total pension liability for PERF C was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 7: City Employees Defined Benefit Pension Plan (continued)

B. Net Pension Liability (continued)

Pension Plan Fiduciary Net Position

Information about the pension plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position are presented in CalPERS' audited financial statements, which are publicly available reports that can be obtained at CalPERS' website, at www.calpers.ca.gov. The plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis used by the pension plan, which is the economic resources measurement focus and the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

The plan fiduciary net position disclosed in the GASB 68 accounting valuation report may differ from the plan assets reported in the funding actuarial valuation report due to several reasons. First, for the accounting valuations, CalPERS must keep items such as deficiency reserves, fiduciary self-insurance and Other Post-Employment Benefits (OPEB) expense included as assets. These amounts are excluded for rate setting purposes in the funding actuarial valuation. In addition, differences may result from early Annual Comprehensive Financial Report closing and final reconciled reserves.

C. Proportionate Share of Net Pension Liability

The following table shows the Plans' proportionate share of the net pension liability over the measurement period.

Incroso (Decroso)

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 7: City Employees Defined Benefit Pension Plan (continued)

C. Proportionate Share of Net Pension Liability (continued)

The City's net pension liability for each of the cost sharing, multiple-employer Plans is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2019, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018, rolled forward to June 30, 2019, using standard update procedures. The City's proportion of the net pension liability was determined by CalPERS using the output from the Actuarial Valuation System and the fiduciary net position, as provided in the CalPERS Public Agency Cost-Sharing Allocation Methodology Report, which is a publicly available report that can be obtained at CalPERS' at www.calpers.ca.gov. The City's proportionate share of the net pension liability for each Plan as of the June 30, 2018, and 2019 measurement dates was as follows:

	Miscellaneous	Safety
Proportionate Share of NPL - June 30, 2018	0.33185%	0.40715%
Proportionate Share of NPL - June 30, 2019	0.33649%	0.41413%
Change - Increase	0.00464%	0.00698%

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability of each Plan as of the measurement date, calculated using the discount rate of 7.15 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.15 percent) or 1 percentage-point higher (8.15 percent) than the current rate:

	Disc	count Rate - 1% (6.15%)	С	urrent Discount Rate (7.15%)	Dis	scount Rate + 1% (8.15%)
Miscellaneous Plan's Net Pension Liability	\$	20,537,539	\$	13,474,752	\$	7,644,921
Safety Plan's Net Pension Liability	\$	38,538,912	\$	25,852,325	\$	15,451,312

Subsequent Events

There were no subsequent events that would materially affect the results presented in this disclosure.

Amortization of Deferred Outflows and Deferred Inflows of Resources

Under GASB 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 7: City Employees Defined Benefit Pension Plan (continued)

C. Proportionate Share of Net Pension Liability (continued)

The amortization period differs depending on the source of the gain or loss:

Net difference between projected and actual earnings on pension plan investments	5 year straight-line amortization
All other amounts	Straight-line amortization over the expected average remaining service lives (EARSL) of all members that are provided with benefits (active, inactive and retired) as of the beginning of the measurement period

The expected average remaining service lifetime (EARSL) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired) in the Public Agency Cost-Sharing Multiple-Employer Plan (PERF C).

The EARSL for PERF C for the measurement period ending June 30, 2019 is 3.8 years, which was obtained by dividing the total service years of 530,470 (the sum of remaining service lifetimes of the active employees) by 140,593 (the total number of participants: active, inactive, and retired). Note that inactive employees and retirees have remaining service lifetimes equal to 0. Also note that total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

D. Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

As of the start of the measurement period (July 1, 2018), the City's net pension liability was \$36,396,136. For the measurement period ending June 30, 2019 (the measurement date), the City incurred a pension expense of \$7,312,100.

As of June 30, 2020, the City has deferred outflows and deferred inflows of resources related to pensions as follows:

	 red Outflows of Resources	 rred Inflows of Resources
Changes of Assumptions	\$ 1,267,618	\$ -
Differences between Expected and		
Actual Experience	2,551,290	-
Differences between Projected and Actual

Measurement Date	 4,295,978	 -
	\$ 8,915,269	\$ 2,282,766

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 7: City Employees Defined Benefit Pension Plan (continued)

D. Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions (continued)

These amounts above are net of outflows and inflows recognized in the 2018-19 measurement period expense. Contributions subsequent to the measurement date of \$4,295,978 reported with deferred outflows of resources will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Fiscal Year Ended June 30,	(rred Outflows/ Inflows) of sources, Net
2021 2022 2023 2024 2025 Thereafter	\$	2,345,684 (414,415) 288,455 116,801 - -

E. Payable to the Pension Plan

At June 30, 2020, the City reported a payable of \$0 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2020.

F. Pension Plan Summary

Miscellaneous plan net pension liability Safety plan net pension liability	\$ 13,474,752 25,852,325
Combined net pension liability	\$ 39,327,077
Governmental activities net pension liability Business-type activities net pension liability	\$ 35,591,004 3,736,073
Total net pension liability	\$ 39,327,077

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 8: Other Post-Employment Benefits

A. Plan Description

The City provides certain other post-employment benefits (OPEB) through a singleemployer defined benefit healthcare plan which provides health insurance for its retired employees according to the Personnel Rules and Regulations for each of the five employee groups. Benefit provisions are included annually in the Memorandum of Understanding between the City and each of its employee groups and ultimately passed by Council action. Separate financial statements for the plan are not available.

B. Employees Covered

As of the June 30, 2019 measurement date, the following numbers of participants were covered by the benefit terms under the Plan:

Inactive employees or beneficiaries currently receiving benefits97Inactive employees entitled to, but not yet receiving benefits22	9
Inactive employees entitled to, but not yet receiving benefits 22	7
	2
Total 248	8

C. Funding Policy

The contribution requirements of plan members and the City are established and may be amended by the City, City Council and/or employee associations. Currently, contributions are not required from plan members.

The City pays for postemployment health insurance on a pay-as-you-go basis (no prefunding). For fiscal year 2019-2020, the City paid \$561,272 for other postemployment benefits.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 8: Other Post-Employment Benefits (continued)

D. Total OPEB Liability

The City's total OPEB liability was measured as of June 30, 2019 and was based on the following actuarial methods and assumptions:

Actuarial Assumptions	June 30, 2019 Measurement Date
Actuarial Valuation Date	June 30, 2019
Contribution Policy	No pre-funding
Discount Rate	3.50% at June 30, 2019
	(Bond Buyer 20-Bond Index)
	3.87% at June 30, 2018
	(Bond Buyer 20-Bond Index)
General Inflation	2.75% annually

Termination	
Mortality Improvement	Mortality projected fully generational with Scale MP-2020
Salary increases	Aggregate - 3% annually
	Mert - CalPERS 1997-2015 Experience Study
Medical Trend	Non-Medicare – 7% for 2022, decreasing to an
	ultimate rate of 4.0% in 2076
	Medicare (Non-Kaiser) - 6.1% for 2022,
	decreasing to an ultimate rate of 4\$ in 2076
	Medicare (Kaiser) – 5% for 2022, decreasing to
	an ultimate rate of 4% in 2076
Fixed Dollar Cap	None
PEMHCA Minimum Increase	4.25% annually
Healthcare Participation at	
Retirement	90% of employees receiving City Subsidy (hired
	before 7/1/2020)
	50% of employees receiving PEMHCA minimum

E. Discount Rate

A discount rate of 3.50 percent was used in the valuation for measurement date June 30, 2019.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 8: Other Post-Employment Benefits (continued)

F. Changes in the OPEB Liability

The changes in the total OPEB liability for the Plan are as follows:

	Т	(a) otal OPEB Liability	(b) Fiduciary Position	 a) - (b) = (c) Net OPEB Liability
Balance at June 30, 2019				
(6/30/18 measurement date)	\$	16,647,414	\$ -	\$ 16,647,414
Changes recognized for the measurement period:				
Service cost		506,445	-	506,445
Interest		651,066	-	651,066
Changes of benefit terms		270,482		270,482
Actual vs. expected experience		(1,405,666)	-	(1,405,666)
Changes in assumptions		829,039	-	829,039
Benefit payments		(660,893)	 -	 (660,893)
Net changes		190,473	 -	190,473
Balance at June 30, 2020				
(6/30/19 measurement date)	\$	16,837,887	\$ -	\$ 16,837,887

G. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2019:

			Current		
	19	% Decrease (2.50%)	Discount ate (3.50%)	1	% Increase (4.50%)
Total OPEB Liability	\$	19,136,576	\$ 16,837,887	\$	14,947,278

H. Sensitivity of the Total OPEB Liability to Changes in the Health Care Trend Rates

The following presents the total OPEB liability of the City if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2019:

			Current lealthcare cost Trend			
	1%	6 Decrease	 Rates	1% Increase		
Total OPEB Liability	\$	15,716,461	\$ 16,837,887	\$	18,124,404	

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 8: Other Post-Employment Benefits (continued)

I. OPEB Plan Fiduciary Net Position

As the City is not prefunding with an OPEB trust, Plan Fiduciary Net Position was \$0 at the June 30, 2019 measurement date.

Recognition of Deferred Outflows and Deferred Inflows of Resources

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The net difference between projected and actual earnings on OPEB plan investments is amortized using the straight-line method over 5 years, while all other amounts are amortized over the expected average remaining service lifetime (EARSL) of plan participants.

J. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2020, the City recognized OPEB expense of \$1,021,866. As of fiscal year ended June 30, 2020, the City reported deferred outflows of resources related to OPEB from the following sources:

	ed Outflows of esources	Deferred Inflows of Resources		
Differences between expected and actual experience Changes in assumptions Contributions to OPEB plan subsequent to the measurement date	\$ - 710,605 700,613	\$	1,204,857 1,401,559 -	
Total	\$ 1,411,218	\$	2,606,416	

The \$700,613 reported as deferred outflows of resources related to contributions subsequent to the June 30, 2019 measurement date will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2021. Other amounts reported as deferred outflows or inflows of resources related to OPEB will be recognized as expense as follows:

		Deferred
Fiscal Year Ended June	Out	flows/(Inflows) of
30		Resources
2021	\$	(411,103)
2022		(411,103)
2023		(411,103)
2024		(411,106)
2025		(169,019)
Thereafter		(82,377)
	\$	(1,895,811)

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 9: Insurance

The City is partially self-insured for general liability insurance. The City is responsible for claims up to \$100,000 per occurrence. Coverage in excess of the City's self-insured retention is purchased through CSAC Excess Insurance Authority (CSAC-EIA) up to the statutory limits. The City participates in a risk pool for general liability insurance through CSAC-EIA above the City's self-insured retention of \$100,000 up to \$4,900,000 per occurrence. Reinsurance coverage in excess of the pool layer up to \$25,000,000 is purchased through CSAC-EIA. CSAC-EIA retains responsibility for claims in excess of each member's self-insured retention.

For workers' compensation insurance, the City is covered from the first dollar. Coverage between \$1 and \$5,000,000 is provided by CSAC-EIA. CSAC-EIA participates in an excess pool which provides coverage from \$5,000,000 to \$50,000,000 and purchases excess insurance above \$50,000,000 to the statutory limit.

Workers' compensation and general liability claims incurred prior to July 1, 2014 were covered through the City's participation in the California Joint Powers Insurance Authority.

Note 10: Commitments and Contingencies

Due to the occurrence of several spills from the City's sanitary sewer system, the City entered into a settlement on November 16, 2011, with the Regional Water Quality Control Board, Los Angeles Region and the state Attorney General for violations of the state's general waste discharge requirements. The settlement required the City to cover fines and attorney fees, complete repairs to its sanitary sewer system over a 10 year period, and implement specified system maintenance programs. These requirements will be monitored through an open court proceeding and, if not met; the City could be subjected to further monetary penalties.

The City is presently involved in certain matters of litigation that have arisen in the normal course of conducting City business. City management believes that based upon consultation with the City Attorney, that these cases in the aggregate are not expected to result in a material adverse financial impact on the City beyond that already accrued for in the basic financial statements. Additionally, City management believes that sufficient resources are available to the City to cover any potential losses, should an unfavorable outcome materialize.

Note 11: Successor Agency Trust for Assets of Former Community Redevelopment Agency

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 ("the Bill") that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City of South Pasadena that previously had reported a community redevelopment agency within the reporting entity of the City as a blended component unit.

The Bill provides that upon dissolution of a community redevelopment agency, a "successor agency" is to be established to hold the assets until they are distributed to other units of state and local government. On January 4, 2012, the City Council elected to become the Successor Agency for the former community redevelopment agency in accordance with the Bill as part of City resolution number 7205.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 11: Successor Agency Trust for Assets of Former Community Redevelopment Agency (continued)

After enactment of the law, which occurred on June 28, 2011, community redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

Successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former community redevelopment agency until all enforceable obligations of the prior community redevelopment agency have been paid in full and all assets have been liquidated.

Cash and investments

At June 30, 2020, Cash and investments reported in the accompanying financial statements consisted of the following:

Cash and investments pooled with the City	\$ 65,973
Cash and investments with fiscal agent	 198,080
	\$ 264,053

Long-term debt

The following is a summary of changes in long-term liabilities for the year ended June 30, 2020:

	E	Balance					E	Balance	Du	ue Within
	Jun	e 30, 2019	Additions		Deletions		June 30, 2020		One Year	
2000 Tax Allocation Bond	\$	965,000	\$	-	\$	(140,000)	\$	825,000	\$	145,000
Total	\$	965,000	\$	-	\$	(140,000)	\$	825,000	\$	145,000

A description of long-term debt outstanding (excluding defeased debt) of the Successor Agency as of June 30, 2020, follows:

2000 Tax Allocation Bonds

In July 2000, the Agency issued \$2,600,000 in tax allocation bonds for the Downtown Revitalization Project No. 1, which mature annually from May 1, 2001 to May 1, 2025, in increasing amounts from \$55,000 to \$185,000, plus interest at 4.4% to 6.0%, payable semiannually on May 1 and November 1, commencing on November 1, 2000. Bonds are subject to redemption at the option of the Agency beginning May 1, 2010, at a price ranging from 102% to 100% of principal value. Debt service on the bonds is provided by incremental property tax revenues generated within the Downtown Redevelopment Project Area. At June 30, 2020, \$825,000 was outstanding.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 11: Successor Agency Trust for Assets of Former Community Redevelopment Agency (continued)

Pledged Revenue

The City pledged, as security for bonds issued, either directly or through the Financing Authority, a portion of tax increment revenue (including Low and Moderate Income Housing set-aside and pass through allocations) that it receives. The bonds issued were to provide financing for various capital projects, accomplish Low and Moderate Income Housing projects and to defease previously issued bonds. Assembly Bill 1X 26 provided that upon dissolution of the community redevelopment agency, property taxes allocated to community redevelopment agencies no longer are deemed tax increment but rather property tax revenues and will be allocated first to successor agencies to make payments on the indebtedness incurred by the dissolved community redevelopment agency. Total principal and interest remaining on the debt is \$979,500 with annual debt service requirements as indicated above. For the current fiscal year, the total property tax revenue recognized by the City and Successor Agency for the payment of indebtedness incurred by the dissolved Community Redevelopment Agency was \$193,700 and the interest expense on the bonds was \$55,222.

Year Ending June 30,	F	Principal	I	nterest	Total		
2021 2022 2023 2024 2025	\$	145,000 155,000 165,000 175,000 185,000	\$	49,500 40,800 31,500 21,600 11,100	\$	194,500 195,800 196,500 196,600 196,100	
Total	\$	825,000	\$	154,500	\$	979,500	

The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2020, including interest are as follows:

Insurance

The Successor Agency is covered under the City of South Pasadena's insurance policies. Therefore, the limitation and self-insured retentions applicable to the City also apply to the Successor Agency. Additional information as to coverage and self-insured retentions can be found in Note 9.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020

Note 12: Deficit Fund Balances

The following funds have deficits in fund balance at June 30, 2020:

Fund	 Amount		
Nonmajor Governmental Funds: Special Revenue Funds:			
MTA Pedestrian Improvement	\$ (29,951)		
CTC Traffic Improvement	(23)		
Rogan HR 5294 Grant	(2,497)		
Mission Meridian Public Garage	(343,355)		
County Park Bond	(145,828)		
MSRC Grant	(148,849)		
Measure W	(109,301)		
Measure H	(65,563)		
Prop C Exchange	(148,350)		
BTA Grant	(409,118)		
Golden Streets Grant	(346,170)		
CDBG	(307)		
Homeland Security Grant	(21,011)		
HSIP Grant	(46,791)		

The City intends to fund these deficits with future revenue, transfers and reductions of expenditures in future years.

Note 13: Net Investment in Capital Assets

The net investment in capital assets category of net position is comprised of the following:

			Arroyo Seco	
	Water	Sewer	Golf Course	Total
Capital assets, net of accumulated depreciation	\$ 74,447,085	\$ 9,486,245	\$ 800,346	\$ 84,733,676

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2020

Note 1: General Budget Policies

Budgetary control is an essential element in governmental financial reporting. The City, a general law city in the State of California, does not legally require a budget. However, the City Council adopted budgets for the General, Special Revenue, and Capital Projects Funds with the exception of the Gold Line Mitigation, Asset Forfeiture, Measure H, Prop C Exchange, Homeland Security Grant, MSRC Grant, BTA Grant, Golden Streets Grant, HSIP Grant, MTA Pedestrian Improvement, CTC Traffic Improvement Grant, Rogan HR 5294 Grant, and Historic Preservation Grant Special Revenue Funds.

To facilitate a greater understanding of the City's operations, budget information for the General, Special Revenue and Capital Projects Funds is included in the accompanying basic financial statements. This detailed budget document is published and is a matter of public record. Each year, the City Manager submits his proposed budget to the City Council. The City Council holds public hearings and may modify the appropriations by majority approval. The legal level of expenditures is controlled at the fund level and operating appropriations lapse at the end of each fiscal year. All budgeted amounts are reported on the same basis as the fund types and adopted on a basis consistent with accounting principles generally accepted in the United States of America. Changes in appropriations at the fund level during the year must be submitted by the City's departments for City Council review and approval. The City Manager may, without Council approval, amend individual line items within any fund and between divisions and programs, in personnel costs, maintenance and operations, capital outlay and capital projects portions of the budget without increasing total appropriations for that fund. Department heads may, without Council approval, amend individual line items within any fund in the maintenance and operation portions of the budget without increasing total appropriations for that division.

Note 2: Supplementary Budget Information

Fund	Appropriations	Expenditures	Excess		
General Fund: General government	\$ 4,628,626	\$ 5,017,719	\$ (389,093) (172,658)		
Public safety Non-Major Governmental Funds:	14,486,662	14,659,320	(172,658)		
Clean Air Act Housing Authority	15,000 10,000	55,111 15,199	(40,111) (5,199)		

Excess of expenditures over appropriations at the fund level were as follows:

SUPPLEMENTARY INFORMATION

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

*201-MTA Pedestrian Improvement Fund – To account for MTA grants used for the Fair Oaks/Mission pedestrian improvement projects which include pedestrian accessibility, widened bikeways, landscaping, lighting modification and aesthetics.

205-Proposition "A" Local Return Fund – To account for all revenues and expenditures associated with the one-half cent sales tax approved by Proposition A in 1980. All revenues of this fund must be expended for transportation-related items as established by the Los Angeles County Transportation Commission.

207-Proposition "C" Local Return Fund – To account for all revenues and expenditures associated with the one-half cent sales tax approved by Proposition C in 1990. All revenues of this fund must be expended for transportation-related items as established by the Los Angeles County Transportation Commission.

*211-CTC Traffic Improvement Grant Fund – To account for state and federal funding of street and intersection improvements relieving congestion at our busiest intersections.

*214-Rogan HR 5294 Grant Fund – To account for the revenue and expenditures associated with the 110 FWY Hook Ramp Project funded by Rogan grant.

215-Street Lighting and Landscaping Fund – To account for the costs associated with the City's street lighting and median landscaping programs. These costs are deemed to benefit all property owners who are assessed their proportionate share of the costs. These assessments are placed on the property tax bill and collected and remitted to the City by the County of Los Angeles.

218-Clean Air Act Fund – To account for revenues and expenditures expended for air quality improvement projects as established by the South Coast Air Quality Management District.

220-Parking and Business Improvement Tax (BIT) Fund – To account for business improvement tax returns collected by the City for specified purposes within the Parking and Business Improvement Area: (1) decoration of any public place, (2) promotion of public events; (3) furnishing of music; (4) general promotion of retail trade activities.

*223-Gold Line Mitigation Fund – To account for the MTA's funding for the improvements to the Gold Line Mission Street Station.

226-Mission Meridian Public Garage Fund – To account for the revenues and expenditures of the Mission Meridian Public Garage.

NON-MAJOR GOVERNMENTAL FUNDS

230-State Gas Tax Fund – To account for all state gas tax related revenues and expenditures, including street repair, reconstruction and maintenance. State law requires these gasoline taxes to be used to maintain the City's street and highway system.

232-County Park Bond – To account for the revenues and expenditures for the County Park Bond related improvements.

255-Capital Growth Requirement Fund – To account for fees paid to the City for building development to be applied towards the costs of public facilities improvements.

260-Community Development Block Grant (CDBG) Fund – To account for the revenues and expenditures for Community Development Block Grant projects.

*270-Asset Forfeiture Fund – To account for proceeds received from forfeiture in narcotics investigations allocated for law enforcement activities.

239-Measure W Fund – To account for all revenues and expenditures associated with improving conditions of stormwater runoffs funded by parcel tax.

245-Bike and Pedestrian Paths Fund – To account for the revenues and expenditures for bike and pedestrian facilities improvements funded by the State of California Transportation Development Act.

272-State Police Grant Fund – To account for revenue and expenditures for frontline police services funded by COPS (AB 3229) grant.

*274-Homeland Security Grant Fund – To account for revenue and expenditures the operations of police equipment and conferences funded by Homeland Security.

275- Park Impact Fees Fund – To account for the proceeds of a development fee used for the purpose of park facilities improvements and related expenditures.

233-Measure R Fund – To account for all revenues and expenditures associated with the onehalf cent sales tax approved by Measure R in 2009. All revenues of this fund must be expended for transportation-related items as established by the Los Angeles County Transportation Commission.

236-Measure M Fund – To account for all revenues and expenditures associated with the onehalf cent sales tax approved by Measure M in 2016. All revenues of this fund must be expended for transportation-related items as established by the Los Angeles County Transportation Commission.

208-TDA/Metro Grant Fund – To account for all revenues and expenditures associated with the TEA/Metro Fund. All revenues of this fund must be expended for transportation-related items.

NON-MAJOR GOVERNMENTAL FUNDS

217-Public, Education, and Government Fund – To account for revenues and expenditures used for public education and government access charges that the City's cable franchise collects. Monies in this fund must be used to purchase equipment related to the production of public education and government access television.

237-Road Maintenance & Rehab Fund – To account for all revenues and expenditures associated with State Gas Tax SB1.

*238-MSRC Grant Fund – To account for the revenues and expenditures for the Mobile Source Air Pollution Reduction Review Committee projects.

*241-Measure H Fund – To account for the revenues and expenditures for the "Los Angeles County Plan to Prevent and Combat Homelessness" for the specific purposes of funding homeless services and short-term housing.

*242-Prop C Exchange Fund – To account for all revenues and expenditures associated with competitive Metro Grant for eligible transportation projects.

*248-BTA Grant Fund – To account for the revenues and expenditures for the Bicycle Transportation Account (BTA) grant funded by the Los Angeles County Metropolitan Transportation Authority. This grant was awarded to fund two projects from the City's Bicycle Master Plan: the Mission Street Green Sharrow Lane Project and the South Pasadena Bicycle Parking Project.

228-Housing Authority Fund – To account for the revenues and expenditures for the City of South Pasadena Housing Authority.

*249-Golden Streets Grant Fund – To account for the revenues and expenditures for the open streets grant funded by the Los Angeles County Metropolitan Transportation Authority. The goals of the Open Streets Grant Program is to provide opportunities for 1) riding transit, walking and riding a bike, possibly for the first time, 2) to encourage future mode shift to more sustainable transportation modes, and for 3) civic engagement to foster the development of multi-modal policies and infrastructure at the city/community level.

*277- Highway Safety Improvement Program Grant (HSIP) Fund – To account for revenues and expenditures related to street improvements funded by the grant.

*276-Historic Preservation Grant Fund – To account for revenues and expenditures related to historic preservation grant funds.

*Note that no budget was adopted for this fund.

NON-MAJOR GOVERNMENTAL FUNDS

Capital Projects Funds

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

105-Facilities and Equipment Replacement Fund – To account the replacement costs of City vehicles and equipment.

327-2000 Tax Allocation Bonds Fund – To account for capital expenditures for improvements funded by the bonds formerly held by the Successor Agency to the Community Redevelopment Agency.

104-Street Improvements Program Fund – To account for capital expenditures related to street improvements projects.

Note: ^a Estimated Actual Taxable is not available

In 1978 the voters of the State of California passed Proposition 13 which limited taxes to a total maximum rate of 1%, based upon the assessed value of the property being taxed. Each year, the assessed value of the property may be increased by an "inflation factor" (limited to a maximum of 2%)

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Honorable City Council City of South Pasadena

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of South Pasadena (the City) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July xx, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying *Schedule of Findings and Responses*, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We identified deficiencies in internal control over financial reporting, described in the accompanying *Schedule of Findings and Responses* as items 2020-001, 2020-002, 2020-003, and 2020-004 that we consider to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We identified deficiencies in internal control over financial reporting, described in the accompanying *Schedule of Findings and Responses* as items 2020-005 and 2020-006 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. We identified noncompliance and other matters that are required to be reported under *Government Auditing Standards*, described in the accompanying *Schedule of Findings and Responses* as items 2020-007, 2020-008 and 2020-009.

City of South Pasadena's Response to Findings

The City's response to the findings identified in our audit are described in the accompanying *Schedule of Findings and Responses*. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rogers, Anderson, Maloohy & Scott, LLP.

San Bernardino, California <mark>July xx, 2021</mark>

Schedule of Findings and Responses

Finding 2020-001 Material Weakness – Bank Reconciliations (previously reported as Finding 2019-001)

<u>Criteria</u>

Bank reconciliations should be prepared, reviewed and approved in a timely manner.

Condition and Context

During our audit, we noted that bank statements for various accounts were not reconciled to the general ledger in a timely manner.

<u>Cause</u>

The City did not have controls in place to ensure bank reconciliations were performed in a timely manner.

<u>Effect</u>

Most of the problems encountered within the area of cash can be avoided if a proper system of checks and balances is incorporated into the City's procedures.

Recommendation

We recommend that all of the bank accounts be reconciled monthly to the general ledger and that all unusual reconciling items be promptly investigated and adjusted with adequate explanations. This is a repeat finding from the prior year, and although we observed some progress toward correcting this item, it was not sufficient to fully remove the finding.

Views of Responsible Officials and Planned Corrective Actions

See accompanying "Corrective Action Plan".

Finding 2020-002 Material Weakness – Accounting and Management of Capital Assets (previously reported as Finding 2019-002)

<u>Criteria</u>

Capital asset listings should be complete and depreciation expense should be calculated on each asset individually, utilizing accounting software.

Condition and Context

During our audit, we noted that certain capital assets were missing from the detailed listing of capital assets, journal entries to record depreciation expense were recorded to incorrect accounts and the calculation of depreciation expense was done incorrectly and manually. We also noted that several projects were open for multiple years, and those projects were continued to be carried as construction in progress when they have been completed. Some projects were carried in the construction in progress account when the project has been abandoned and there is no plan to complete the construction.

<u>Cause</u>

The City did not have controls in place to ensure capital assets and related depreciation expense was properly recorded.

<u>Effect</u>

The lack of procedures and controls over capital assets and related depreciation expense has led to inaccurate reporting of capital asset costs.

Schedule of Findings and Responses

Recommendation

We recommend that the City utilize the accounting software to assist in tracking capital asset purchases and disposals and assist in calculating depreciation expense and recoding the related entries. This is a repeat finding from the prior year, and although we observed some progress toward correcting this item, it was not sufficient to fully remove the finding.

<u>Views of Responsible Officials and Planned Corrective Actions</u> See accompanying "Corrective Action Plan".

Finding 2020-003 Material Weakness – Year-End Closing Process (previously reported as Finding 2019-003)

<u>Criteria</u>

An important element of internal controls over financial reporting is for the entity to have procedures in place to ensure that all relevant accounts are reconciled at year-end.

Condition and Context

Over the past three years, the City has experienced a high turnover at the management level in the Finance Department. As a result, many accounts were not properly reviewed and/or reconciled at year-end in preparation for the audit. These accounts include (but are not limited to) capital assets amongst all funds, water fund inventory, interest income, fund balance and cash.

<u>Cause</u>

The City did not maintain the appropriate staffing levels to allow for the proper year-end closing process.

<u>Effect</u>

The City could be under/overstating amounts reported in the financial statements.

Recommendation

We recommend the City maintain proper staffing levels within the Finance Department to allow for the proper review and reconciliation at year-end. This is a repeat finding from the prior year, and although we observed some progress toward correcting this item, it was not sufficient to fully remove the finding.

<u>Views of Responsible Officials and Planned Corrective Actions</u> See accompanying "Corrective Action Plan".

Finding 2020-004 Significant Deficiency – Accounting Procedures and Policies Manual (previously reported as Finding 2019-006)

Criteria

In order to ensure accuracy and consistency, the Finance Department should have an updated accounting procedures and policies manual readily available for reference.

Condition and Context

During the audit, we noted that the City's various accounting policies and procedures were either outdated or nonexistent and not readily available for all employees to review.

Schedule of Findings and Responses

<u>Cause</u>

The Finance Department has not updated their accounting procedures and policies manual to conform to current practices and procedures.

<u>Effect</u>

The lack of an updated manual contributed to in inconsistent procedures being performed within the Finance Department.

Recommendation

We recommend the City update its accounting procedures and policies manual and communicate with all City departments to ensure consistency and appropriate control procedures. This is a repeat finding from the prior year, and although we observed some progress toward correcting this item, it was not sufficient to fully remove the finding.

<u>Views of Responsible Officials and Planned Corrective Actions</u> See accompanying "Corrective Action Plan".

Finding 2020-005 Significant Deficiency – Grants Management (previously reported as Finding 2019-007)

<u>Criteria</u>

Grant reimbursement requests are to be tracked and submitted in a timely and routine fashion to the respective granting agency. Reimbursement requests will occasionally cross fiscal years, in which case, a grant receivable and offsetting revenue should be recorded, if the expenditures have already been incurred, thus increasing fund balance.

Condition and Context

During the audit, we noted multiple grant-related funds have deficit fund balance as of year-end.

<u>Cause</u>

The lack of proper grant management delays the reimbursement request process, and thus the recording of related revenue, which in turn causes a deficit fund balance.

Effect

Grant awards can expire if not spent and/or used within a certain timeframe.

Recommendation

We recommend the Finance Department implement policies and procedures to ensure grants and reimbursement requests are tracked and submitted in a timely manner. This is a repeat finding from the prior year, and although we observed some progress toward correcting this item, it was not sufficient to fully remove the finding.

Views of Responsible Officials and Planned Corrective Actions

See accompanying "Corrective Action Plan".

Schedule of Findings and Responses

Finding 2020-006 – Noncompliance with Debt Reporting (previously reported as Finding 2019-008)

Criteria

In order to maintain compliance with bond requirements, annual filings must be made in a timely manner to Electronic Municipal Market Access (EMMA).

Condition and Context

During the audit, we noted reporting of continuing disclosure on the 2016 Water Revenue Refunding Bonds had not been submitted to Electronic Municipal Market Access (EMMA) agency in a timely manner.

Cause

Due to the delay of financial reporting and issuance of the June 30, 2019 financial statements, the City fell out of compliance with the requirements noted above.

Effect

The City is not in compliance with bond reporting requirements.

Recommendation

We recommend the City prioritize timely financial reporting in the future to allow for timely reporting to EMMA. This is a repeat finding from the prior year, and although we observed some progress toward correcting this item, it was not sufficient to fully remove the finding.

Views of Responsible Officials and Planned Corrective Actions See accompanying "Corrective Action Plan".

Finding 2020-007 – Noncompliance with Budget Policy (previously reported as Finding 2019-009)

Criteria

The City Manager may, without Council approval, amend individual line items within any fund, and between divisions and programs, in the personnel costs, maintenance and operations, capital outlay and capital projects portions of the budget without increasing total appropriations for that fund.

Condition and Context

During the audit, we noted budget amendments that were not approved by the City Manager.

Cause

The lack of formal policies and procedures within the Finance Department caused budget amendments to be processed without proper approval.

Effect

Budgets can be altered without proper authorization.

Schedule of Findings and Responses

Recommendation

We recommend the Finance Department implement policies and procedures to ensure all budget amendments receive proper authorizations. This is a repeat finding from the prior year, and although we observed some progress toward correcting this item, it was not sufficient to fully remove the finding.

<u>Views of Responsible Officials and Planned Corrective Actions</u> See accompanying "Corrective Action Plan".

CITY OF SOUTH PASADENA 1414 MISSION STREET, SOUTH PASADENA, CA 91030 TEL: (626) 403-7210 • FAX: (626) 403-7211 WWW.SOUTHPASADENACA.GOV

Corrective Action Plan

Finding 2020-001 Material Weakness – Bank Reconciliations

<u>Corrective Action</u>: Management is in agreement with the recommendation and has been working diligently to improve the reconciliation process. There is a dedicated staff member responsible for the reconciliation process. Staff has cleared most of the backlog and is almost caught up.

<u>Proposed Completion Date:</u> Management anticipates to have the bank reconciliations completed through June 2021 up to date by September 2021.

Finding 2020-002 Material Weakness – Accounting and Management of Capital Assets

<u>Corrective Action:</u> Management agrees with the recommendation and will be exploring the capability of the current accounting software to manage the capital assets and assist in tracking purchases, disposals and assist in calculating depreciation expense.

<u>Proposed Completion Date:</u> Management will continue utilizing the current up-to-date Capital Assets worksheet to track purchases, disposals and depreciation expense until such time that resources would be available to be delegated to the transition of the information from the current worksheet to the accounting software.

Finding 2020-003 Material Weakness – Year-End Closing Process

<u>Corrective Action:</u> Management agrees with the recommendation and will be looking to implement procedures for the year end process to ensure all relevant accounts are reconciled at year end. Management will also review the current staffing levels to determine appropriate staffing levels are maintained.

<u>Proposed Completion Date:</u> Management will be sure to designate resources to create year end procedures to ensure all relevant accounts are reconciled prior to the 2020/2021 audit.

Finding 2020-004 Significant Deficiency – Accounting Procedures and Policies Manual

<u>Corrective Action</u>: Management strongly agrees with this recommendation. Accounting Policies and Procedures manual is critical to any organization. This process will be a huge undertaking that will require resources to be dedicated to this process.

<u>Proposed Completion Date</u>: While a critical task, it is one that will require resources to be dedicated to this progression. Given the current level of staffing within the department, we anticipate this process will take some time.

Finding 2020-005 Significant Deficiency – Grants Management

<u>Corrective Action</u>: Management agrees with the recommendation and will be working closely with our Grants Analyst to ensure grant reimbursement requests are tracked and submitted in a timely manner. In addition, Finance will ensure to record a receivable and offsetting revenue for when grants reimbursements are received in the following fiscal year.

<u>Proposed Completion Date:</u> Management will work through this process with an anticipated completion date of end of the fiscal year 2021.

Finding 2020-006 – Noncompliance with Debt Reporting

<u>Corrective Action</u>: Due to the delay of financial reporting and issuance of the June 30, 2020 financial statements, the City fell out of compliance with the debt reporting requirements. Management is working through the backlog to ensure the CAFR is completed timely in all future years and financial statements are available to be submitted to comply with the debt reporting requirements.

<u>Proposed Completion Date:</u> Management anticipates completing the 2020/2021 CAFR in a timely manner thereby placing the City in a position to comply with the debt reporting requirements by providing audited financials to the authoritative agency.

Finding 2020-007 – Noncompliance with Budget Policy

<u>Corrective Action</u>: Management is in agreement with the recommendation and will work with all City departments to provide training and ensure compliance. Finance will enforce submission of budget amendments with appropriate authorization prior to proceeding with disbursement process. Also, Finance Management will review staff reports for proper request for authorization for budget amendments as part of the Agenda review process.

<u>Proposed Completion Date:</u> Management will start review and enforcement of appropriate authorization of budget amendments immediately.
