PRESENTATION:

1. Budget Outreach Presentation

Finance Director Karen Aceves spoke to the Library Board of Trustees about the financial challenges COVID-19 has placed on the City of South Pasadena. The City's main sources of revenue are Property Tax, Sales Tax, the Utility Users Tax (UUT), and User Fees. 70% of the City's budget goes towards personnel.

Approximately \$1.6M in revenue losses are expected through 6/30/2020. In response to these short term losses, the City has reduced and reallocated General Fund expenditures, initiated a freeze on hiring, travel, training, contracts, and the operational budget. Non-working part-time employees have been furloughed. COVID-19 influenced revenue losses in Fiscal Year 2020-2021 are currently projected at \$3.5M. The City will look at various options to address the shortfall, including but not limited to reducing General Fund and Capital spending, and eliminating cost-of-living pay increases. In the longer term, if voters do not renew the UUT the City would see an additional \$3.4M in lost revenue. The City also faces rising pension costs from PERS, the Employee Retirement System.

The City is conducting outreach with the community for the budget through an online survey. These results will go towards a draft budget that will be presented to City Council. City Manager Stephanie DeWolfe encouraged the Board to help solicit more community engagement for the budget survey.

DISCUSSION ITEM:

4. Reintroduction of Library Services

Library Director Cathy Billings presented the Library's plan for reintroducing services amidst the COVID-19 outbreak. The Library has been closed to the public since 3/20/2020. The South Pasadena Public Library is subject to the orders of Los Angeles County, and the Stay-At-Home Orders of both the State of California and Los Angeles County maintain the Library is not allowed to be open. Library personnel are not considered essential employees and should not be reporting to the workplace at this time. Full Time staff have been working full-time from home. Part-time staff have been furloughed. The due date to return library materials has been extended to July 1, 2020. Overdue fines have been waived during the closure.

The Library's primary objectives are: the safety of staff and patrons; providing access to physical materials; providing access to internet computers and Wi-Fi; providing access to digital resources; and finding ways to provide services to patrons that don't involve physically meeting in the Library. The current situation upends the Library service model of a gathering place or community hub and poses the question of how do we now serve our patrons. Staff may require new training and new technology may be necessary. There is a question of how to assist patrons that do not have access to technology or the skillset to access the Library's digital services.

The California State Library received \$3.3M from the CARES Act. The California State Library will use these funds to pay for the reading tracking platform Beanstack for all public libraries in the State. South Pasadena Library already uses Beanstack for its Summer Reading Program, paid for by the Friends. We should receive a pro-rated refund. The Institute of Museum and Library Services has received \$15M from the CARES Act. The Library will apply for access to these funds to purchase Wi-Fi hotspots for check-out to the public. California Humanities has also received funds from the CARES Act and the Library will pursue these funds.

Protocols for safety are being developed for when staff return to work and for when the public will be allowed to return to the building, but that access will need to be tightly controlled. The Library will launch "Library Takeout," allowing patrons to reserve any materials in the catalog which will be prepared by staff for a contact-less pick-up. Staff will need time to set up the proper signage and floor markings for social distancing in the building to be compliant with the County's requirements. Plexiglas barriers have been purchased to keep people socially distant. Another program that will be launched is "Material Matchmaker," where patrons can submit requests for recommendations, since patrons won't be allowed to browse the shelves themselves. The Library will work with the Senior Center to deliver materials to seniors that are participating in the meal program. Providing access to the Library's computer workstations or Wi-Fi will depend on the County's order. The Library may schedule appointments for access. Patrons have been using our Digital Resources much more since the Library closed to the public. New platforms will be utilized to provide technology skills training. The digital resources collection will add job seeking and professional development skills training resources. The Beanstack reading app will be used for this summer's all-virtual Summer Reading Program. The Library will also launch a YouTube channel to engage the community. Storytime, "Wonderful Wednesdays," and craft activities will be held in video format. The Library will launch online exhibitions from the Local History Collection.

It has been decided after consulting the City Manager and Finance Director that this budget cycle may not be the time to implement a "fine free" library. Raising the "block" limit and establishing a one-time amnesty are being considered as alternatives. This will be a Discussion Item for the 6/11/2020 LBT Meeting.

Interrupted revenue streams such as the Friends Bookstore and passport services will need to be evaluated and adjusted. Library hours may need to change if only takeout services are being provided. The Library and the Senior Center serve as Cooling Centers in the summer and are an important resource for the community. Special arrangements will need to be made to accommodate this need.

The sanitization of the ventilation systems in all public buildings will be reviewed by Public Works and City Council. Expenses for cleaning and sanitizing supplies are expected to be reimbursed through FEMA or other government entities. Expenses for COVID-19 materials are being tracked by the Finance Department. Signage will be displayed outside the Library before takeout service is launched regarding mandatory mask usage and proper social distancing. Mayor Joe will discuss the enforcement of these notifications with the City Manager.

City Council Agenda Report

ITEM NO.	

DATE: August 5, 2020

FROM: Stephanie DeWolfe, City Manager

PREPARED BY: Cathy Billings, Library Director

SUBJECT: Adoption of a Resolution Approving the Annual Auditor's Report and

Authorizing the Collection of the Library Special Tax for Fiscal Year

2020-21

Recommendation Action

It is recommended that the City Council adopt the attached resolution approving the Annual Auditor's Report for the levy of the Fiscal Year (FY) 2020-21 Library Special Tax (Tax).

Commission Review and Recommendation

Due to the timing of the release of the CPI-U number for June 30, 2020, which happened on July 14, 2020, and the County of Los Angeles filing deadline for the special tax roll, it is not possible for the Library Board of Trustees to review this report at a regularly scheduled meeting prior to this report being presented to City Council on August 5, 2020. It will be presented at the regular Library Board of Trustees meeting on August 13, 2020.

Discussion/Analysis

On June 7, 1994, South Pasadena voters established the City of South Pasadena's (City) Library Special Tax. The Library Special Tax was renewed by voters in 1999, 2005, and 2009. On November 3, 2015, voters once again approved an extension of the Tax through June 30, 2024, with a 33% rate increase in FY 2016-17 and a Consumer Price Index (CPI)-based increase for each of the subsequent seven years.

Collection of the special tax continues to be keyed into maintaining a baseline operational budget (maintenance of effort, or MOE) calculated from an initial "Required Amount" of \$761,000 originally set by Section 2.89-5(b)(1) of the South Pasadena Municipal Code (SPMC). For FY 2020-21 the initial "Required Amount" was increased by the total percent increase of the Urban Consumers Price Index (CPI-U) since 1995, making the FY 2020-21 minimum MOE requirement \$1,288,931.

Background

The June 2020 Los Angeles-Long Beach-Anaheim area All Urban Consumers (CPI-U) figure used to calculate the Library Special Tax rate was released by the United States Department of Labor, Bureau of Labor Statistics in its July 14, 2020 News Release. This June 2020 figure results in a compounded increase of 1.36% for FY 2020-21 over and above the special tax rates levied in FY 2019-20. The City Council adopted a resolution to continue appropriations of the

Library Special Tax Resolution and Auditor's Report August 5, 2020 Page 2 of 2

FY 2019-20 Budget for FY 2020-21. Therefore, the amount appropriated for the Library is \$1,874,491, with \$335,000 of this amount estimated to come from the Library Special Tax and \$1,544,491 from the City's General Fund. This amount exceeds the minimum MOE requirement.

The City uses a consulting audit firm, Community Economic Solutions, Inc., to prepare documentation sufficient to establish the Tax each year. The audit firm's estimate of total revenue to be generated from the Tax for FY 2020-21 is \$345,000. This estimate is premised on a calculation derived from total taxable parcels. However, the actual amount collected may be slightly less due to non-payment or default on property tax. Therefore, for FY 2020-21 the City's adopted budget assumes revenue of \$335,000.

Next Step

1. Community Economic Solutions, Inc. will submit the special tax roll and necessary documents to the Los Angeles County Assessor's Office to continue to collect the tax at the rate approved with the annual property tax bill.

Legal Review

The City Attorney has reviewed this item.

Fiscal Impact

Collection of the Library Special Tax for FY 2020-21 will provide an estimated \$335,000 toward the library's budget.

AUDITOR'S REPORT CITY OF SOUTH PASADENA LIBRARY SPECIAL TAX 2020-21 FISCAL YEAR

INTRODUCTION

On June 7, 1994, the voters approved the establishment of the City of South Pasadena Library Special Tax. On November 3, 2015, voters approved a measure to extend the City of South Pasadena Library Special Tax to June 30, 2024.

The above proceedings approved the manner of the levy and the maximum amounts to be taxed until June 30, 2024. This report is for the purpose of establishing the tax rates for Fiscal-Year 2020-21, in accordance with the methodology as set forth in the approved Rate and Method of Apportionment. The City has retained Community Economic Solutions to prepare the Auditor's Report.

ESTIMATE OF REVENUES GENERATED

The revenues needed by the City of South Pasadena to provide library services are proposed to be provided through several sources including the special tax. The total estimated revenue to be generated from the Library Special Tax for FY 2020-21 is \$345,000.

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

CATEGORIES OF SPECIAL TAX

Single Residential Category:

Single Residential Category includes each Parcel within the City which is designated as "01" (Single Residential) by the Los Angeles County Assessor's property use classification codes, and includes both Single Family Residential and Condominium uses.

The special tax that may be levied annually on Taxable Property within the Single Residential Category through the Fiscal Year ending June 30, 2017 shall not exceed:

- \$ 32 per Dwelling Unit for a home with Building Area of less than 2,000 sf.
- \$ 48 per Dwelling Unit for a home with Building Area of 2,001 sf to 4,000 sf.

\$ 16 per Dwelling Unit located on a MFR Parcel.

Non-Residential Category:

The Non-Residential Category includes each Parcel in the City which is *not* designated as "01", "02", "03", "04", "05", "06" or "07" (residential) by the Los Angeles County Assessor's property use classification codes.

The special tax that may be levied annually on Taxable Property within the Non-Residential Category through the Fiscal Year ending June 30, 2017 shall not exceed:

- \$ 32 per Parcel with Lot Area of ¼ acre or less.

This CPI increase results in a compounded increase of 1.36% for fiscal year 2020-21 over and above the special tax rates levied in fiscal year 2019-20 as set forth below:

July 1, 2019 to June 30, 2020 Consumer Price Index:

Library Welcomes Fifth Cohort of Teen Advisory Board Members

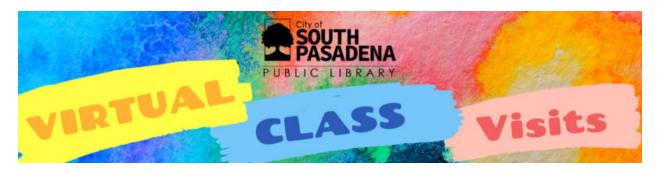

On August 26 the South Pasadena Public Library's Teen Advisory Board (TAB) will launch its fifth cohort. The members of a cohort serve for one semester, but can repeat if space allows. TAB is made up of high school-aged volunteers dedicated to helping and improving the library. Participants must have a library card and attend all meetings in order to earn community service hours. Interested teens must apply for the program, and recruitment begins about one month before the start of the semester. Once the max number of participants has been accepted, a wait list is created for TAB for the next semester. Our fall 2020 cohort has 19 members, 7 returning students and 12 first-time members.

Previous TAB cohorts met in person, but due to Covid-19, this fall meetings will be held virtually once a month. TAB will be assisting with the Library's citywide reading program, "One City, Many Stories", and will also assist Children's Services with projects throughout the semester.

Recruitment for Spring 2021 will begin in December. For more information visit the TAB webpage: www.southpasadenaca.gov/tab.

ITEM 2

Children's Services - Back-to-School and Support for Virtual Learning

Until it is safe to re-open the library to the public, all services and programs will be provided virtually.

- Create a web page for educators, so links to resources and services will be accessible in one place.
- Create video tutorials for online resources.
- Use a <u>Google form</u> for teachers to request virtual library orientation/bibliographic instruction for their classes.
- Encourage teachers and students to obtain library cards, so they may access the plethora of library resources.
- Grow the library's collection of e-books and e-audiobooks and work with the SPHS Librarian to encourage students to access the SPPL Overdrive collection using their SPHS ID via the SPHS SORA app.
- Offer services, resources, and programs for educators and link those offerings to the California State Standards.
- Outreach to SPUSD Administration (see email to Assistant Superintendent, et. al.)

Subject: South Pasadena Public Library

Dear Christiane:

The South Pasadena Public Library (SPPL) is looking forward to working together with SPUSD to support your students and teachers. We understand that you are dealing with the challenge of configuring online school and also preparing for a hybrid model. We also know that your elementary school library technicians have been laid off and the SPMS librarian retired, so your students and teachers may need even more help, even though the public library is no substitute for a robust school library led by enthusiastic and qualified staff.

Some of the highlights of the ways that the South Pasadena Public Library may assist your students and faculty include:

- Library cards With valid SPPL cards, your students will be able to access SPPL's many <u>online resources</u>, place holds for physical materials through the <u>Library's Takeout</u> service, request librarians to select materials through <u>Materials</u>
 <u>Matchmaker</u> service, and more. To <u>apply for a library card</u>, the applicant or minor's parent/guardian must fill out an application and submit that with valid photo identification to the library via email.
- Sora is the school equivalent of SPPL's <u>Overdrive/Libby</u> e-books and e-audiobooks platform. We understand that SPHS has subscribed to Sora and has purchased their own e-books and e-audiobooks for the SPHS collection. With Sora your SPHS students will also be able to check out many of SPPL's e-books and e-audiobooks using their school identification. This may be a resource that the SPHS students would want to load onto their Chromebooks. We will work with Shelee Wilkerson, when she has all the infrastructure set up to be ready to promote the service.
- Online Homework Help SPPL currently subscribes to Tutor.com, an online homework help resource. Students with a valid SPPL card may access a live tutor, get resume writing or test prep help, or explore vetted online links for a variety of school subjects. Our subscription continues through the end of December. Since it is funded by our Friends of the South Pasadena Public Library and their budget has been severely impacted by our closure due to the Coronavirus, we are uncertain if they will be able to continue to support this service after the end of the year. But we are hopeful, as usage increased dramatically when Covid-19 hit.
- Some of the online resources that might be most relevant for your teachers and students include:
 - Teaching Books a database of PreK 12 resources of children's and young adult books and their authors and illustrators. Teachers and students can use TeachingBooks to search titles, authors and illustrators, and find resources to engage readers. The resource collection includes short movies, audio book readings, book discussion guides, and more.
 - O World Book Encyclopedia for children, teens and adults including images and primary sources along with a dictionary, atlas, and many e-books. Also includes Spanish language encyclopedia Enciclopedia Estudiantil Hallazgos. Additionally, the World Book's Educator Tools pages provide a range of resources, including correlations from World Book content to state and provincial curriculum correlations, links to external lesson plans and professional education links, and webquests to build foundational knowledge of specific topics.
 - o <u>Britannica School</u> Encyclopedia for elementary to high school students.
 - Novelist Plus a comprehensive readers' advisory resource for fiction and nonfiction. With an intuitive interface and extensive proprietary content, NoveList Plus answers the question: What should I read next?

 <u>Tumblebooks</u> - Ebooks for children to listen to and read along with. Find children's puzzles/games, language learning books and audiobooks. Access using a web browser or download the Tumblebooks app for <u>Apple</u> and <u>Android</u> devices.

Our library staff plans to survey the teachers to find out what services would be most helpful to them. Some of those include creating bibliographies, library guides or homework helpers for specific topics like local history, advising them of grade appropriate materials, providing instruction on library skills or using library resources like the catalog, and, of course, encouraging the love of reading through programs.

We understand that many of our offerings will be most relevant to the teachers, if they are marketed in terms of the California State Standards. If you have insight pertaining to the needs of the teachers and the library skills standards that we could apply to best market and promote the public library's services and resources, we would greatly appreciate if you could share that with us. Please let us know if you have questions about any of the services or resources I listed or other suggestions about how the public library can best support the SPUSD community. You may contact Children's Librarian Judy Neeb at ineeb@southpasadenaca.gov or myself at mwong@southpasadenaca.gov.

We look forward to working closely with you and the SPUSD teachers, students, and parents this year.

Sincerely,

Library Board of Trustees Agenda Report

ITEM NO. 5

DATE: August 10, 2020

FROM: Cathy Billings, Library Director

SUBJECT: Overdue Materials Fees Discussion

Background

Prior to the COVID-19 pandemic, the Library Board of Trustees and Library staff had planned to review the Library's overdue fees policy and to make a recommendation to the City Council on whether the South Pasadena Public Library should go "fine free", as so many other libraries have in the last few years, including:

Los Angeles Public Library (everyone, spring 2020)
County of Los Angeles Public Library (youth)
Altadena (everyone)
Glendale (everyone)
Santa Monica (youth; adults in process in March 2020)
Santa Barbara (everyone)
San Diego (everyone, April 2019)
San Francisco Public Library (everyone)
Oakland Public Library (everyone)

With the South Pasadena Public Library's closure to the public as of March 20, 2020, the book drops were closed, all due dates were extended, and overdue fees stopped accruing. Currently, the Library will not assess overdue fees through August 31, 2020.

Discussion/Analysis

In January 2019 the American Library Association passed a resolution (attached) which recognizes fines as "a form of social inequity" and calls on libraries nationwide to find a way to eliminate their fines.

Proponents of library fines argue that they incentivize borrowers to return books on time and teach personal responsibility. But there is little evidence that fines have any effect on the timely return of library materials. In fact, much of the existing research suggests that they do not affect overdue rates and instead deter readers from borrowing materials in the first place. Libraries have also found that fines disproportionately affect families on fixed incomes, children and teens, the very users who may rely on public libraries the most.

Library staff analyzed data in early March and found these findings to hold true in South Pasadena. Due to having incurred the maximum fee amounts, 12% of juvenile cards and 16% of teen cards were "blocked", meaning that the card holder would not be able to borrow any

Agenda Report Title Date Page 2 of 3

physical library materials until their fines were below the block amount. These numbers are in direct opposition to the public library's objective to instill a love of reading and learning in young people.

Card Type	Active Users 2018-2019		Percent of total blocked
ADULT	8575	392	5%
EDUCATOR	120	7	6%
JUVENILE	1304	157	12%
TEEN	873	142	16%
TOTAL	10872	698	6%

Libraries that have gone fine-free have identified benefits and motivations beyond equitable access, including:

- 1. Increased circulation. A survey conducted by the County of Los Angeles Public Library found that 80% of parents said they are more likely to let children check out materials because of the more lenient policies.
- 2. Return of long-overdue materials. The Chicago Public Library saw a 240% increase in returns within three weeks of implementing its fine-free policy, making these materials available to others.
- 3. Eliminates the hidden cost of enforcing late fees, which is the time and energy library staff spend in negative engagement with customers about overdue fees. This time is much better spent in positive engagement with customers around library services and programs.
- 4. Saving money. The San Diego Public Library calculated that it would actually be saving money if it stopped tracking down patrons to recover books. The city had spent nearly \$1 million (staffing costs, collection agency fees) to collect \$675,000 in library fees each year.

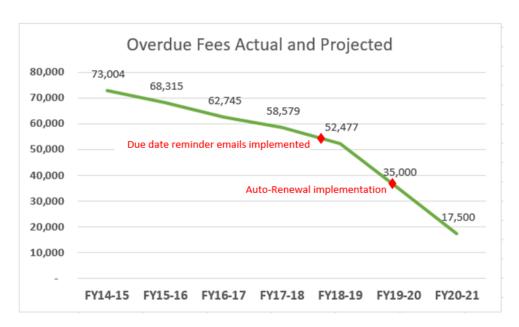

Fiscal Impact

Eliminating fees for overdue materials would reduce income by a projected amount of \$17,500 in Fiscal Year 2020-2021. The library would see a savings in postage for mailed overdue notices of approximately \$1,300 for the fiscal year (2,360 notices were mailed in Fiscal Year 2018-2019). Though not quantified, the reallocation of staff time from duties related to fee collecting to more impactful and useful tasks is very significant.

Overdue materials fees have been steadily declining since 2014-2015. This is likely because circulation of physical materials has declined overall during the same period, from a high of 420,000 in FY 2014-2015 to 304,279 in FY 2018-2019. Circulation of digital materials, which do not accrue overdue fees, continues to rise.

In Fiscal Year 2018-2019, \$48,868.06 in overdue materials fees were collected. Pre-pandemic, the Library estimated approximately \$35,000 would be collected for FY 2019-2020. The implementation of due date reminder notices via email in October 2018 is the likely cause of the reduction in the projected total (\$35K) as compared to the prior year (\$48K). (Note: The actual amount collected for FY 2019-2020 was \$29,052.96.)

The Library implemented "auto-renewal" of checked-out items on July 1, 2020. Based on reports from other libraries that have enabled auto-renewal, it is anticipated that the service would reduce overdue fees by as much as 50%, making projected fees to be collected in Fiscal Year 2020-2021 just \$17,500, or half of the projected FY 2019-2020 amount. Since the Library will not assess overdue fees in July and August of 2020, and since physical circulation is reduced due to the pandemic, it could be assumed that overdue fees for FY 2020-2021 will likely be significantly lower than the projected \$17,500. While not an insubstantial amount, \$17,500 is less than 1% of the library's budget.

Possible Options

- Take no action; begin assessing overdue fees on September 1, 2020.
- Recommend extending the period during which overdue fines will not be assessed (the period is currently March 20, 2020 through August 31, 2020).
- Recommend the South Pasadena Public Library go fine free, for youth only or for everyone.
- Recommend a one-time amnesty to clear all overdue fees and then continue to assess overdue fees until the impact of the pandemic on the City's budget is more clear.

Next Steps

- 1. Put an action item on September LBT meeting agenda to formalize the Board's recommendation to Council.
- 2. Take recommendation to City Council (staff draft Council report).
- 3. Staff evaluate and revise staff workflows, processes and procedures related to overdue materials.
- 4. Staff track before/after stats to evaluate outcomes.

Resolution on Monetary Library Fines as a Form of Social Inequity

Whereas monetary fines present an economic barrier to access of library materials and services;

Whereas there is mounting evidence that indicates eliminating fines increases library card adoption and library usage;

Whereas monetary fines create a barrier in public relations, and absorb valuable staff time applying, collecting, and managing dues;

Whereas the first policy objective listed in ALA Policy B.8.10 (Library Services to the Poor) as approved by ALA Council on January 27, 2019, states that the American Library Association shall implement these objectives by "Promoting the removal of barriers to library and information services, particularly fees, and overdue charges";

Whereas ALA Policy B.4.2 (Free Access to Information) "asserts that the charging of fees and levies for information services, including those services utilizing the latest information technology, is discriminatory in publicly supported institutions providing library and information services";

Whereas in Economic Barriers to Information Access, An Interpretation of the Library Bill of Rights, ALA states "All library policies and procedures, particularly those involving fines, fees, or other user charges, should be scrutinized for potential barriers to access;

Whereas libraries will need to take determined and pragmatic action to dismantle practices of collecting monetary fines

Whereas libraries of all types are responsive to bodies, be they school districts, boards of trustees, college and university administration, or government entities and therefore need to be able to make the case to those bodies about eliminating fines; and

Whereas monetary fines ultimately do not serve the core mission of the modern library; now, therefore, be it

2018-2019 ALA CD# 38 (Rev.1/27) 2019 ALA Midwinter Meeting

Resolved, that the American Library Association (ALA), on behalf of its members

- 1. adds a statement to the Policy Manual that establishes that "The American Library Association asserts that imposition of monetary library fines creates a barrier to the provision of library and information services.";
- 2. urges libraries to scrutinize their practices of imposing fines on library patrons and actively move towards eliminating them; and
- 3. urges governing bodies of libraries to strengthen funding support for libraries so they are not dependent on monetary fines as a necessary source of revenue.
