

CITY OF SOUTH PASADENA MOBILITY AND TRANSPORTATION INFRASTRUCTURE COMMISSION MEETING AGENDA

Council Chamber 1424 Mission Street, South Pasadena, CA 91030 March 19, 2024 at 6:30 p.m.

IN-PERSON

NOTICE ON PUBLIC PARTICIPATION & ACCESSIBILITY

Pursuant to Government Code Section 54953, subdivision (e) (3), meetings of the Mobility and Transportation Infrastructure Commission (MTIC) for Tuesday, March 19, 2024, will be conducted remotely and held by video conference.

The in-person/virtual meetings will maintain transparency and public access while protecting the health and safety of the public. Members of the public have the option to participate in-person or via Zoom using the following link:

Mobility and Transportation Infrastructure Commission

Zoom Meeting Information Meeting ID: 881 0069 1922 Passcode: 810149

- 1. Go to the Zoom website, https://zoom.us/join and enter the Zoom Meeting information accordingly; or
- 2. Click on the following unique Zoom meeting link: https://us02web.zoom.us/j/88100691922?pwd=clR4SVFOYm9SSkFoNFVGQWQvVVdQQT09

or

3. You may listen to the meeting by calling: +1-669-900-6833 and entering the Zoom Meeting ID and Passcode when prompted to do so.

For additional Zoom assistance with telephone audio, you may find your local number at: https://us02web.zoom.us/u/ky9n7bhtz

PUBLIC COMMENT AND SUGGESTIONS (Public Comments are limited to 3 minutes)
The MTIC welcomes public input. If you would like to comment on this agenda item, members of the public may participate by means of one of the following options:

Option 1: Participants will be able to "raise their hand" using the Zoom icon during the meeting, and they will have their microphone un-muted during the comment portion of the agenda to speak for up to 3 minutes; or

Option 2: Email public comment(s) to: mticpubliccomments@southpasadenaca.gov. Public Comments received in writing will not be read aloud at the meeting, but will be part of the meeting record. Written Public Comments will be uploaded online for public viewing under Additional Documents. There is no word limit on emailed Public Comment(s). `

Please make sure to indicate: 1) your name (optional), and 2) what agenda item you are submitting public comment on, and/or 3) Submit by no later than 12:00 pm., on Tuesday, March 19, 2024.

CALL TO ORDER: Vice Chair Hughes

ROLL CALL: Commissioners: Commissioner Abelson, Commissioner

Fisher, Vice Chair Hughes, and Commissioner Zavala.

CITY COUNCIL LIAISON: Councilmember Evelyn Zneimer

STAFF PRESENT: Ted Gerber, Public Works Director ("PWD"),

David Pena, Transportation Program Manager ("TPM"), and

Leaonna DeWitt, Public Works Assistant ("PWA")

PLEDGE OF ALLEGIANCE: Commissioner Dunlap

FUTURE MOBILITY AND TRANSPORTATION INFRASTRUCTURE COMMISSION MEETINGS

April 16, 2024	Council Chamber	6:30 P.M.
May 21, 2024	Council Chamber	6:30 P.M.
June 18, 2024	Council Chamber	6:30 P.M.

PUBLIC ACCESS TO AGENDA DOCUMENTS AND BROADCASTING OF MEETINGS

Commission Meeting agenda packets are available online at the City website: https://www.southpasadenaca.gov/government/boards-commissions/mobility-and-transportation-infrastructure-commission

ACCOMMODATIONS

The City of South Pasadena wishes to make all of its public meetings accessible to the public. If special assistance is needed to participate in this meeting, please contact the City Clerk's Division at (626) 403-7230. Upon request, this agenda will be made available in appropriate alternative formats to persons with disabilities. Notification at least 48 hours prior to the meeting will assist staff in assuring that reasonable arrangements can be made to provide accessibility to the meeting (28 CFR 35.102-35.104 ADA Title II).

I declare under penalty of perjury that I posted this notice of agenda on the bulletin board in the courtyard of City Hall at 1414 Mission Street, South Pasadena, CA 91030, and on the City website as required by law.

ITEM 2

Approval of Minutes of the Regular Mobility and Transportation Infrastructure Commission Meeting on February 20, 2024

CITY OF SOUTH PASADENA MOBILITY AND TRANSPORTATION INFRASTRUCTURE COMMISSION

MINUTES REGULAR MEETING TUESDAY, FEBRUARY 20, 2024

CALL TO ORDER:

Vice Chair Hughes called the Meeting of the South Pasadena Mobility and Transportation Infrastructure Commission to order on Tuesday, February 20, 2024 at 6:33 P.M. in the City Council Chambers, 1424 Mission Street, South Pasadena, California.

ROLL CALL:

PRESENT Vice Chair Kimberley Hughes

Commissioner Lawrence Abelson

Commissioner John Fisher Commissioner Diego Zavala

COUNCIL LIAISON Councilmember Evelyn Zneimer

ABSENT Commissioner Eric Dunlap

Leaonna DeWitt, Public Works Assistant, announced a quorum.

CITY STAFF PRESENT:

H. Ted Gerber, Public Works Director ("PWD"), David Pena, Transportation Program Manager ("TPM"), and Leaonna DeWitt, Public Works Assistant ("PWA") were present at Roll Call. Other staff members presented reports or responded to questions as indicated in the minutes.

PLEDGE OF ALLEGIANCE

The Flag Salute was led by Commissioner Abelson.

PUBLIC COMMENT

1. PUBLIC COMMENT - GENERAL (NON-AGENDA ITEMS)

In-person Public Comments

Kevin and Kimberly Crockrell spoke about the road conditions on Indiana Avenue and requested the repairs to be made a priority.

Michael Green spoke about the road conditions on Indiana Avenue and vehicles speeding on the street, which is unsafe. He suggested speed humps.

David Lee spoke about a water main break in 2021, which he believes is the caused of the road conditions. He mentioned there was a second water main break prior to the 2021 incident, but didn't recall when.

Caroline Howell expressed concerns with slowing traffic down on Orange Grove Avenue and re-evaluate the cut through traffic through the neighboring streets. She hopes that funding can be used for temporary measure and then long-term measures to prevent another accident.

Nick Howell provided an update on a meeting with Staff about the potential for a safety assessment of Orange Grove Avenue. He spoke about a meeting he had with Assembly members Chris Holden and Mike Fong about their concerns on Orange Grove Avenue. The Assembly members expressed interest in assisting them with their concerns and would send letters to the City officials.

ACTION/DISCUSSION

2. Review of Development Project and Transportation Impact Analysis Methodology Recommendation

It is recommended that the Commission receive information related to a recently reviewed development project in the City and a review of the City's adopted Traffic Impact Analysis Methodology.

PWD Gerber gave a presentation on this item. Staff responded to questions raised by the Commission.

3. APPROVAL OF MINUTES OF JANUARY 16, 2024 MEETING

Recommendation

It is recommended that the Commission review and consider approval of the January 16, 2024 minutes.

COMMISSION ACTION AND MOTION

A motion was made by Vice Chair Hughes, seconded by Commissioner Fisher to approve the minutes as amended. The motion carried 4-0.

INFORMATION REPORTS

4. PROJECT STATUS UPDATE

Page 2

Recommendation

It is recommended that the Commission receive and file an update on the status of projects related to the City's mobility and transportation Infrastructure.

TPM Pena gave a brief project update.

Commissioner Fisher suggested changing the project title from Orange Grove Avenue Widening to Orange Grove Improvements. PWD Gerber gave some background on the title noting that the title was submitted and approved by Council and Metro and would be not changed, however for the project status update it can be changed.

Commissioners Fisher suggested a maintenance undesignated fund for unexpected projects and a scheduled maintenance fund.

Staff responded to questions raised by the Commission.

COMMUNICATIONS

5. <u>CITY COUNCIL LIAISON COMMUNICATIONS</u>

Council Liaison Zneimer reported that the FY 2024-25 Proposed Budget will be presented at the Special Joint Meeting of the City Council and the Finance Commission, which will be held tomorrow on February 21, 2024. She emphasized that it is an important meeting and invited everyone to attend the meeting. Council Liaison spoke about the blinking lights on Garfield Avenue and Monterey Road and that the project is not a priority. She was in contact with the Mayor of San Marino and it is not a priority to them. She stated that according to state law, if the project (lights) doesn't involve public safety it will be a low priority. She spoke about the environmental and political landscape and how things are so different.

6. COMMISSIONER COMMUNICATIONS

Commissioner Zavala spoke about a bike accident he had when someone opened their door in the bike lane, while he passed and he's thankful that he and his passenger had on helmets. His passion for safety has definitely increased.

Commissioner Abelson thanked the members of the public who came to talk about the road conditions on Indiana Avenue. He was reminded of how Hermosa Street was repaved and it was in part due to the reconstruction of the Grand Avenue Reservoir. The street had been damaged as a result and the City used the water fund to complete the repaving of the street. Commissioner Abelson thought that maybe using an addition funding source that might be considered for these types of projects. He agreed with Commissioner Fisher regarding having an easier way for staff to do its job by having a budget for certain projects, which should be a more efficient way for staff to deliver basic operational and maintenance items. Commission Abelson commented on the on Garfield and Monterey intersection has been a discussion of the Commission and it's a heavy volume intersection and the goal is to make the intersection safer.

Vice Chair Hughes thanked the public for coming out and voicing their concerns regarding the road conditions on Indiana Avenue. She suggested once the CIP budget is finalized maybe the Commission can assist staff in prioritizing projects that are workable. Vice Hair

Page 3

Hughes thanked staff for all of their hard work and keeping the Commission updated on the projects.

7. STAFF LIAISON COMMUNICATIONS

PWD Gerber announced San Gabriel Valley Council of Governments and Active SGV are planning for the next Mission to Mission Event, which is planned for Sunday, April 28.

ADJOURNMENT

Vice Chair Hughes adjourned the meeting of the Mobility and Transportation Infrastructure Commission at 9:18 P.M.

Respectfully submitted:
Leaonna DeWitt Public Works Assistant
APPROVED:
Kimberley Hughes Vice Chair

Approved at Commission Meeting: March 19, 2024

Page 4

ITEM 4 South Pasadena Annual Traffic Safety Update

Mobility and Transportation Infrastructure Commission Agenda Report

ITEM NO. 4

DATE: Tuesday, March 19, 2024

FROM: H. Ted Gerber, Director of Public Works

David Peña, Transportation Program Manager

SUBJECT: South Pasadena Annual Traffic Safety Update

Recommendation

Staff recommends that the Mobility and Transportation Infrastructure Commission (MTIC) receive and file the Annual Traffic Safety report which involves a review of the fatal and serious injuries accidents in the city for the last ten years from 2013 to 2023.

Background

Collisions and speeding in cities often occur due to a combination of factors, including reckless driving behavior, traffic congestion, distracted driving, failure to obey traffic laws or many other reasons. Drivers may engage in speeding to save time or rush to their destination. Other distractions include mobile phones and electronic devices which can divert a driver's attention, moreover, alcohol or drugs can impair a motorist's ability to follow traffic laws. Overall, addressing these issues requires a multifaceted approach involving education, enforcement, infrastructure improvements, and public awareness campaigns. Consistent with MTIC's annual work plan, this is the annual traffic safety update that reviews collision data that resulted in fatalities and serious injuries in the City of South Pasadena the last ten years between 2013 to 2023. To reduce traffic related fatalities and injuries a comprehensive approach is appropriate and to better understand the elements that may have contributed to these serious accidents and developing a four-prong approach with infrastructure improvements, enhanced enforcement of traffic laws, safety campaigns, and education.

Collisions can include vehicle vs pedestrian, vehicle vs cyclist, vehicle vs vehicle or vehicle vs other, or other type of accidents. Collisions can beget fatalities, severe injuries, visible injury, or complaints of pain, or property damage.

In comparison to the rest of the 87 cities in LA County, the City of South Pasadena ranks 72 out of 88 in terms of average annual rate of fatal and serious injuries per year with four (4) per year. Figure 1, gathered from UC Berkeley's Transportation Injury Mapping System (TIMS) shows nine years of fatal and serious collision data for 11 out of 88 cities in the County. Note that Rank #1 means the most collisions for a city, and Rank #88 means the least number of collisions for a city. The cities listed in Figure 1 are either similar to South Pasadena in terms of size and population in the San Gabriel

South Pasadena Annual Traffic Safety Update March 19, 2024 Page 2 of 5

Valley, and/or are adjacent/sister cities, to compare collision data that resulted in a fatality or serious injury.

Note 4: Data may or	may not align wit	th SWITRS (data due to	reporting d	lelays.										

Discussion/Analysis

To obtain collision data, staff utilized the Statewide Integrated Traffic Records System (SWITRS) and used TIMS to illustrate the location of the collisions and graph the data over time. SWITRS is a database that serves to collect and process data gathered from a collision scene. While TIMS was developed ten years ago to provide access to crash data that has been geocoded by SafeTrec using SWITRS data points. The data is not without limitations and should be noted that collision data takes time to report, process and upload and certain accidents may not be reflected on one and/or two of the systems for several reasons. In this case, collision data from SWITRS was collected from January 2013 to December 2023—10 years of data, while TIMS data was collected from January 2013 to December 2022—since TIMS only geocodes collisions involving injuries and fatalities, and the processing of data takes longer to update.

Figure 2 revealed that 1,461 collisions occurred in the City of South Pasadena in the last decade from January 1, 2013, to December 31, 2023. The 1,461 collisions resulted in: 1) Fatalities 2) Severe Injuries 3) Injury Complaint of Pain 4) Injury (Other Visible) 5) Property Damage Only. The highest number of total collisions (all types) occurred in 2014 with a steady decline for the next nine years with the lowest number of collisions in 2023.

South Pasadena Annual Traffic Safety Update March 19, 2024 Page 3 of 5

Excluding the "property damage only" data set (Figure 2-Column 2), the Citywide collisions that involved injuries and fatalities totaled 790 for the last decade. Collisions that have resulted in injuries or fatalities have gradually gone down from their highest of 104 in 2014 with 2020 being the lowest number of collisions that resulted in a fatality or injury with 55.

Figure 2- All Collisions vs Collisions resulting in fatality or injury 2013 to 2023

	No. of Total Collisions Citywide per Year*	No. of Fatal & Injury Collisions Citywide per Year**
2013	139	61
2014	174	104
2015	165	86
2016	145	72
2017	132	74
2018	117	76
2019	133	69
2020	109	55
2021	133	65
2022	115	62
2023	99	67

Source: SWITRS

As part of this analysis, the focus was primarily on fatalities and severe injuries which combined summed up to 48 total fatalities and severe injuries (shown in Figure 3). 3 out of 7 of those fatalities were not part of the database system.

Figure 3- Collisions resulting in fatality or severe injuries 2013 to 2023

^{*}Involves all types of collision severity: Fatal, Injury Severe, Injury Complaint of Pain, Injury Other Visible, and Property Damage

^{**}Involves collision severity with injuries like Fatal, Injury Severe, Injury Complaint of Pain, Injury Other Visible

	No. of Fatal Collisions Citywide per year	No. of Severe Injury Collisions Citywide per Year	Notes
2013	-	1	
2014	1*	6	*1/4/14-Train vs Pedestrian-Monterey/Pasadena
2015	1*	2	*6/27/15-Fatality on 110 Fry nort of Fair Oaks
2016	1	3	
2017	1	2	
2018	-	3	
2019	-	3	
2020	-	5	
2021	-	2	
2022	1*	7	*7/31/22-Marengo/Maple Pedestrian fatality
2023	2	7	
TOTAL	7	41	
Avg	0.7 per year	5.85 per year	

Source: SWITRS

Notes: 6/27/15 fatality was part of the TIMS data and the other two * were not part of TIMS data

Figure 3 only shows collisions that resulted in either fatalities or serious injuries. Based on the four fatalities reported in SWITRS, all four (4) of them occurred at night between midnight to 6am and between the weekend Friday to Sunday, and 3 out of 4 involved DUIs. Moreover, only one (1) of fatalities was a vehicle vs pedestrian and another was vehicle vs object and 2 out of 4 involved vehicle vs parked car. The accidents with an asterisk were either part of one collision data system or not part of any. Specifically, the fatality on 6/15/23 involved a motorist who hit an object on the northbound 110 Freeway just north of the Fair Oaks Avenue off-ramp. The other three fatalities were not in the database systems but were collisions that resulted in fatalities in the city, and had limited information available.

The SWITRS database also revealed that severe collisions totaled 41 in the last decade or 5.85 per year. SWITRS accounted for another year in comparison to the TIMS system which only goes up to 2022. The following streets in City of South Pasadena had the most severe injuries in the last ten years:

- Huntington Drive—8
- Orange Grove Avenue—6
- Monterey Road—6
- Pasadena Avenue—6

^{*} were not part of SWITRS data set.

South Pasadena Annual Traffic Safety Update March 19, 2024 Page 5 of 5

- Fremont Avenue—3
- Fair Oaks Avenue—2
- El Centro—2
- Mission, Columbia, Garfield, Meridian, Grand, Oak, Arroyo, and Camino Verde—
 1 severe collision for each street

All other streets had one (1) or fewer collisions that resulted in severe injury as shown above. 9 out of 41 severely injured involved pedestrians, with 6 out of 9 pedestrians collisions occurred at crosswalks. Meanwhile, 8 out of 41 involved bike collisions that resulted in severe injury. Only 2 out of 8 occurred at an intersection while 7 out of happened midblock or away from the intersection. 5 out of 9 bike sever accidents occurred on a Saturday while the rest were on a Thursday.

As evident from the evaluation, there are several corridors where severe collisions occur, and these locations are the focus of both City staff and MTIC's recommended and in-progress project locations.

- On Huntington Drive, Fremont Avenue and Fair Oaks Avenue, staff is reviewing the design charette deliverables which involve several design changes to slow down vehicle speeds and make the street accessible to pedestrians and cyclists.
- On Marengo Avenue, staff are working on receiving a final report with safety recommendations for Marengo Avenue.
- At Orange Grove, staff just initiated conversations with a consultant to draft a task order for staff to execute to address the safety challenges along this corridor.

Moreover, staff recently received a draft proposal scope of work to prepare a Local Roadway Safety Plan and update the Systemic Safety Analysis Report Program (SSARP) to allow the city to apply for additional state grants like Local Highway Safety Improvement Programs to reduce traffic fatalities and serious injuries on roads.

Public Notification of Agenda Item

The public was made aware that this item was to be considered this evening by virtue of its inclusion on the legally publicly noticed agenda, posting of the same agenda and reports on the City's website.

ITEM 5

Project Status Update

Mobility and Transportation Infrastructure Commission Agenda Report

ITEM NO. 5

DATE: March 19, 2024

FROM: H. Ted Gerber, Director of Public Works

David Peña, Transportation Program Manager

SUBJECT: Project Status Update

Recommendation

It is recommended that the Commission receive and file an update on the status of projects related to the City's mobility and transportation infrastructure.

Information

Public Works projects are generally divided into two areas: (1) Capital Improvement Program (CIP) projects and (2) routine or special Operations & Maintenance (O&M) projects. Ongoing or planned projects related to mobility and transportation infrastructure in both of these areas, along with their recent status, are listed in the tables below.

Capital Improvement Program (CIP) Projects	Project Status
	No Significant Update Staff working to release bid with an update from the design consultant.
Mission and Fremont Rectangular Rapid Flashing Beacons	This project installs Rectangular Rapid Flashing Beacons (RRFBs) at Fremont Avenue and Lyndon Street, Mission Street and Diamond Avenue, and Mission Street and Fairview Avenue.
Budget: Highway Safety Improvement Program (HSIP) \$238,465, Measure M Local Return \$26,497	The design consultant has provided a first draft of the bid package construction documents – staff are reviewing the package and providing revision comments to the consultant. In order to accommodate the bid package advertisement, which requires compliance with federal requirements, staff worked with Metro and Caltrans to submit requests to extend the construction financing into 2024.

Capital Improvement Program (CIP) Projects	Project Status
Street Improvements Budget: General Fund \$2,298,445, Proposition C \$300,000, Gas Tax \$200,000, Measure R Local Return \$300,000, Measure M Local Return \$177,565, SB1 \$585,093, Bike & Pedestrian \$25,000 Total \$3,886,103	Updated Status Striping was completed. Streetlight LEDs were delivered schedule for installation is pending. This work includes reconstruction projects along Monterey Road from Pasadena Avenue to the West City Limit, Alta Vista Avenue from Indiana Avenue to Oak Crest Avenue, Forest Avenue from Mission Street to the End of the Street, and Sterling Place from Floral Park Terrace of the End of the Street. All paving and striping work is complete. Installation of street light LED heads is pending.
Measure M Project Funding Requests	Updated Status New projects to be considered in FY 23-24. The Commission will review new proposed projects in FY 23-24 to submit for the 2024 project request cycle. Staff will meet with the consultant for the AVCPA to discuss project ideas for MSP funding. Between April and May, staff will vet the projects ideas with the City Council and MTIC. Between May to June, the consultant will put together the MSP plan (the programming request) for approval at the June AVCJPA Board meeting. From June to July, the consultant team will put together submittal package for Metro approval.
Grevelia Street and Fair Oaks AvenueMeasure M Project Budget: Measure M MSP \$200,000	Updated Status Staff submitted comments to the on-call consultant regarding the the scope of work proposal for off-ramp queuing analysis. Stall is preparing a Master Service Agreement for the on-call consultant. Staff submitted the Scope of Work and Funding Expenditure to Metro for review. to execute a funding agreement (MM5506.06). The on-call consultant's scope of work for the analysis of Fair Oaks/Grevelia will include data collection and review, conceptual alternatives, operational evaluation, technical memo, and staff meetings tasks.

Capital Improvement Program (CIP) Projects	Project Status
Orange Grove Avenue Widening from Oliver Street to Arroyo Seco Park Budget: Measure M MSP \$500,000	Updated Status Staff submitted comments to the on-call consultant regarding the scope of work Orange Grove Project Staff is working on a Master Service Agreement. Staff are working with a Metro representative to file the documents necessary to execute a funding agreement (MM5506.08). Upon approving the funding submittal, City Council directed staff to explore the feasibility of alternatives to the widening. Staff will also look at a traffic safety assessment for Orange Grove as part of the consultant's scope to then develop a task order. Staff received draft scope of work which will include 1) Data collection and review 2) Neighborhood Stakeholder Meetings/Work Sessions 3) Conceptual alternatives and recommendations 4) Meetings/Work Sessions and Administrative Support.
Pedestrian Crossing Devices Budget: Measure M MSP \$322,624	No Significant Update Funding Agreement is being reviewed by the City Attorney. Staff is working with a Metro representative to file the documents necessary in order to execute a funding agreement (MM4101.11). Staff made edits to Metro's feedback and submitted a final scope of work to Metro to initiate Funding Agreement terms. MTIC recommended crossing locations and will prioritize three intersections Meridian and Bank, Grevelia and Park, and Fair Oaks/Spruce.
Columbia Street Striping & Signal Improvements Budget: Measure M MSP \$300,000	No Significant Update \$9.9M in Measure R Mobility Improvement Project (MIP) Funds were approved by Metro and Pasadena City Council included the project in the City CIP. On May 8, 2023 the City of Pasadena's Council determined Pasadena's funded project to be in conformance with the City's General Plan. City staff will work with Pasadena DOT to determine the next steps to move this project forward. Staff are working with a Metro representative to file the documents necessary in order to execute South Pasadena's Measure M MSP funding agreement (MM5506.07). City staff discussed this project with the City of Pasadena and discussed potential short-term changes to Columbia Street like edge striping or other minor modifications before more comprehensive striping and signal improvements begin. Pasadena staff will look at the corridor and check to see what is feasible.

Capital Improvement Program (CIP) Projects	Project Status
Garfield Avenue and Monterey Road Traffic Signal	Updated Status Staff submitted comments to the on-call consultant regarding the traffic warrant analysis for Garfield Avenue and Monterey Road. Staff reached out again to the City of San Marino to discuss the warrant analysis and project. This will be the first step to conduct the necessary warrant analysis of the signal in order to fulfill the feasibility requirements of the funding source, before resubmitting the project to Metro.
Fremont/Huntington Mobility Active Transportation & Mobility Improvement Projects Budget: Measure M MAT \$6M, Measure M MIP \$10M	Updated Status Staff reviewed the first draft of the design charrette memos and provided comments to Toole Design for review and to finalize the document. Staff will meet with Toole design to go over the comments and discuss next steps in the coming weeks. Staff received the three corridor memos for the design charette and is working with the consultant to modify the necessary changes to the reports. Staff plans to present the reports to MTIC at a future meeting.
City of Pasadena 'Stub' Relinquishment / Transitional Project Development & City of Alhambra I-10 Modifications	No Significant Update Discussion with Alhambra and Pasadena. South Pasadena, Pasadena, and Alhambra staff held an initial discussion, and are scheduling follow up meetings. The City of Alhambra approved a Measure R funding agreement with Metro for the Fremont Ramp and Interchange Improvements. Staff provided an update to Council on the status of the Pasadena re-visioning process and the 'Advancing Alhambra' projects. On Monday, 9/11, Pasadena Council considered a contract for strategic planning and project management services for the relinquished 710 stub area. City Manager team also made a presentation to Council regarding the status of the project. City staff discussed this project with the City of Pasadena, the City of Alhambra, and the Fremont/Huntington/Fair Oaks planning consultant as it related to neighboring City projects and their impact on South Pasadena planning effort.
Sidewalks Replacement & ADA Ramps Upgrades Budget: \$564,663	Updated Status Bid package is under development. with the design labor compliance consultants to complete the bid package including locations along Meridian Avenue and supplementary locations as the project budget can accomodate.

Capital Improvement Program (CIP) Projects	Project Status
North-South Corridor Intelligent Transportation Systems (ITS) Deployment Project Budget: \$9M Rogan Funds, \$1.4 General Fund	No Significant Update Consultant KOA provided the 30% Design Plans for staff to review. Staff reviewed and submitted comments on 30% plans and is waiting to receive the Cultural Resource Research Records for the environmental phase. Staff met with LA Metro to discuss the fiber connection and strands. The city will permit the use of virtual local-area network (VLAN) on switches in lieu of splicing fiber cable which would reduce costs for the signal prioritization for Line 260. This would have minimal impact and would limit the use of the city's infrastructure. This process also helps with performance and security. Staff and KOA are working with Metro's consultant Iteris on the implementation.
Farmer's Market Bollard System	No Significant Update Potential grant funding opportunity identified. This future proposed project is listed in the 5-Year Capital Improvement Program (CIP). Staff is currently exploring an available funding opportunity for this project. The project is scheduled for implementation in Fiscal Year 2024-2025.
Fair Oaks SR-110 Interchange Loop/Hook On-Ramp Budget: Measure M MIP \$70 Million	Updated Status Staff submitted a scope of work to Metro which covers the Project Approval and Environmental Document (PA/ED) Phase only pending Metro and City Council approval. Staff and HNTB worked together to draft a Funding Agreement (FA) to submit to Metro that will cover the Project Approval/Environmental Document Phase of the project. Once this is complete, the draft FA will be sent to Metro for further review. Work on the item can commence with Council approval.
Fair Oaks SR-110 Interchange Loop/Hook Grevelia Off-Ramp Budget: See above	<u>Updated Status</u> Alternative study scope being developed. See above "Fair Oaks SR-110 Interchange Loop/Hook On-Ramp" status.

Capital Improvement Program (CIP) Projects	Project Status
Federal Transportation Improvement Plan (FTIP)	No Significant Update Staff updated five (5) FTIP projects with Metro.
	FTIP is a federally mandated list of transportation projects that are funded with federal, state, or local funds. It also includes projects regionally significant for transit, highway, local roadway, bridge, freight, bicycle, and pedestrian.
	Over the last two months staff has been working with Metro staff, and discussed projects with Caltrans and FHWA to update all projects and remove projects that were deobligated. Staff also reconciled duplicate projects and projects that were deprioritized by the City several years ago. The system is updated every two years by staff and requires City staff to provide changes in the FTIP system. Future projects will be added to the FTIP pending formal review by Metro's FTIP team based on funding source and significance.
Highway Safety Improvement Program (HSIP) Cycle 11 Projects Budget: \$540,760 HSIP with \$88,840 City match	No Significant Update Recently awarded grant funding.
	On March 9, 2023, South Pasadena was awarded over \$500,000 in HSIP funding for four (4) projects submitted in Fall 2022 related to street lighting, bike lanes, and pedestrian crossing improvements at multiple locations:
	The intersection of Monterey Road and Fremont Avenue and the intersection of Fair Oaks Avenue and Grevelia Street south of the 110 Freeway on and off-ramps to improve traffic signal timing and hardware, add intersection lighting (\$32,350).
	The intersection of Fremont Avenue and Huntington Drive for the addition of bike lanes, installation of pedestrian countdown signals, and addition of lighting (\$50,040).
	Fremont Avenue from Columbia Street to Monterey Road to add street lighting, install flashing beacons at stop-controlled intersection, install curve advance warning signs (\$277,110).
	Huntington Drive from Leman Street to Maple Street to install bike lanes, and add street lighting (\$181,260).
	These HSIP projects will be coordinated with the Fremont/Huntington Mobility Active Transportation & Mobility Improvement Projects.

Operations & Maintenance (O&M) Projects	Project Status
2023-2024 Slow Streets & Open Streets Program Budget: General Fund \$150,000 Measure M \$105,570 SGVCOG Grant: \$45,000	Updated Status Staff is preparing to present the Slow Streets residential program to City Council on March 20, 2024 with recommendations for action on the Slow Streets 1) Residential Streets 2) Commercial Corridor (Mission Street, 3) Parklets. Staff received recommendations from MTIC on the residential slow streets program which will be presented to City Council on March 20, 2024. After Council provides direction on the project, the consultant
	will work with the subconsultant, Iteris to model the new configuration along Mission Street based on MTIC's recommendations.
	No Significant Update Software workflow development underway. City Council approval of the amended software contract is required.
Neighborhood Traffic Management Program (NTMP) Implementation	Staff are working with the contracted software system designer to implement the NTMP online processing forms. The implementation requires a contract amendment to the software development agreement, which is expected to be before City Council for approval in the next few months. While the implementation is underway, staff continue to receive and process requests from the community related to neighborhood traffic management.
Ramona Avenue, Oak Street, Rollin Street, & Fremont Avenue Traffic Management	Updated Status Staff met with Ramona residents to discuss ongoing traffic impacts around the neighborhood. Staff is still working with Holy Family on an amendment to their specific plan to address related traffic and circulation issues. Staff will consider a stop sign warrant analysis for three different locations at Ramona/Rollin, Ramona/Spruce, and Ramona/Pine.
Meridian Avenue Traffic Management & Safety Measures	No Significant Update Pending task order issuance. Staff have evaluated the site conditions and traffic data to discuss potential improvements to Meridian Avenue. This information was presented at the July 2022 MTIC meeting, and the Commission provided feedback. A study will be conducted, including a speed survey, which will be coordinated with local stakeholders. A task order is being issued to a professional services on-call consultant for this work. Recently, the pedestrian crossing at Meridian and Bank has been refreshed with new paint and a new sign. The nearby City trees have been trimmed and residents have been notified by mail to trim nearby privately-owned overgrown trees.

	No Significant Update Task order being executed.
Timing Improvements at the Metro Gold Line Mission & Meridian	Staff previously met with MTIC's Chair to review recommendations regarding the timing of signal lights and railway crossing gates at Mission and Meridian. Metro has provided a contact for timing issues to work with the City, however, Metro requires more information on the matter to troubleshoot the solution. If necessary, a task order to update the timing sheets for this location will be issued to a professional services on-call consultant. The task order work would also reconcile the City's previously requested preemption changes with the known timing issues. No Significant Update
	Work scope being developed.
Fremont Avenue Southbound Left Turn Pocket South of Huntington Drive Intersection	A task order to develop a striping plan for this project is being issued to a professional services on-call consultant. The striping plan will remove the 'no left turn' marking a create left-turn pocket to access business at the Southeast corner of Fremont Avenue and Huntington Drive. This Commission recommended project will be incorporated into the planning process for the Fremont/Huntington Mobility Active Transportation & Mobility Improvement Projects. City staff discussed this project with the Fremont/Huntington/Fair Oaks planning consultant as it related to proposed Fremont/Huntington intersection improvements.
	No Significant Update Held site meeting with the Chamber.
Traffic & Parking Impacts along Glendon Way between El Centro Street and Meridian Avenue	City Council recently approved a new five-year agreement with the Chamber of Commerce that contains updated language to facilitate review of the Farmer's Market event Parking Management Plan. Public Works is working with the Chamber of Commerce with the goal of improving traffic and parking impacts along Glendon Way, and met with the Chamber of Commerce and several residents on location in September.
Replacement of Missing Orange Grove Street Lamps	No Significant Update
	Pending staff cost estimate. Staff is developing a cost estimate to replace the Orange Grove Street Lamps, and relocating the lamps away from the street where possible.
Early Action Projects (EAP) List	No Significant Update Measure R Mobility Improvement Projects (MIP) were discussed at the November 2022 MTIC Meeting, where some elements of the "SR 710 Early Action Projects (EAP)" are planned to be addressed in the North-South Corridor Intelligent Transportation Systems Project, and the current Measure R programmed projects include the Fair Oaks SR-110 Interchange Loop/Hook On-Ramp and Off-Ramp projects and the Fremont/Huntington Mobility Active Transportation Project (see above items). "Early Action Projects (EAP) List". EAPs do not have committed funding and will be kept on this list for future tracking.

Installation of City Limit Signs at Various Locations	No Significant Update Pending task order issuance.
	A task order to develop a conceptual plan for this project is being issued to a professional services on-call consultant.
Preferential Parking Policy	No Significant Update Pending General Plan Update.
	As a City Council Strategic Plan goal, Staff will work with Community Development in this area, considering recommendations provided by MTIC. The scope and priority of parking evaluation efforts are being considered in the Council's revised Strategic Plan.
Traffic Impact Analyses	No Significant Update Proposed development traffic study complete.
	The developer team completed a traffic evaluation for a proposed project southwest of Fair Oaks and Grevelia. No other development projects have submitted traffic impact analyses for review recently.
Marengo Avenue Traffic Safety Assessment	<u>Updated Status</u>
	Consultant provided a draft of the site analysis report, stop compliance report, and speed study analysis for Marengo Avenue.
Budget: Measure M Local Return \$39,030	Staff is currently reviewing the reports and is waiting for the crash analysis, and consultant recommendations. Staff will present the complete report at a future MTIC meeting.
Huntington Drive 2000 Block Review	Updated Status LA County Public works is scheduled to replace raised reflectors and Bott's Dots that are missing or damaged on Saturday, March 16, 2024. The project limits are from Huntington/Garfield to Huntington/Electric Avenue.
	Staff requested a budget adjustment from City Council, which was approved, to allow access to additional funds to complete this work and Edge Line striping along the south side of Huntington Drive from Dos Robles to Olive Street.
Diamond Avenue Improvements	No Significant Update Review of community suggestions and enforcement.
	Staff are reviewing improvements suggested by community members along Diamond Avenue between Mission Street and El Centro. The Police Department has been enforcing parking restrictions and Public Works refreshed the existing red curb paint along the roadway.

New Project

Staff is currently reviewing a scope of work prepared by a consultant to update the Citywide Engineering Study. The scope of work costs are approximately \$29,000 and will take three (3) months to complete once a notice to proceed is approved.

The 2014 Citywide Engineering Study was prepared by Minagar & Associates, Inc. on October 22, 2014. On January 21, 2015, City Council by Ordinance adopted the Citywide Engineering Study which established and renewed valid posted speed limits for various street segments within the city. The traffic survey considers various factors like prevailing speeds, collisions records, and other highway traffic and roadside conditions. On July 29, 2021, the Citywide Engineering Study was extended another three years until 2024 for a total of ten years. The Engineering and Traffic Survey does not specify an expiration date. However, based on the latest CA MUTCD 2014 Edition: Revision 8 (January 11, 2024), "cities and local agencies should conduct engineering studies, including speed surveys, at least once every 5, 7, or 14 years". The frequency of the speed survey depends on the specific requirements outlined in California Vehicle Code (CVC) Section 40802. These studies aim to reassess speed limits that are not legally mandated on road sections that have experienced notable transformations since the previous evaluation, including alterations in road infrastructure, traffic flow, or land utilization.

Citywide Engineering Study

In the newly initiated effort to update the study, prevailing speeds, collision records, and other factors will be considered. Prevailing speeds indicate the typical or average speeds of vehicles on a specific road, determined through traffic engineering methods like speed surveys or radar measurements. They are crucial for setting appropriate speed limits as they reflect drivers' speed behavior on that road segment. Collision records contain data on traffic accidents on surveyed roads within a specific timeframe, usually the past two years. They include details like accident locations, types, contributing factors, and collision counts. Analyzing these records helps pinpoint areas with high accident rates and aids in setting suitable speed limits and enhancing road safety. Other Highway, Traffic, and Roadside Conditions encompass various factors impacting speed limit establishment and road safety, often unnoticed by drivers but considered in engineering and traffic surveys. These include roadway design, superelevation, sight distance, pedestrian and cyclist safety, commercial driveway features, roadside development, parking practices, and nearby residential and business densities. Assessing these factors aids in determining appropriate speed limits tailored to the specific challenges of surveyed roadways.
