

# Additional Documents Distributed for the Regular City Council Meeting February 1, 2017

Item No.	Agenda Item Description	Distributor	Document
CS	Closed Session	Christopher Sutton, Attorney	Handout, "Proceeds Upon Resale at Fair Market Value"
I	Invocation	Robert S. Joe	PowerPoint, Chinese New Year
3	Presentation by the County of Los Angeles on the Community Choice Aggregation	Gary Gero, Chief Sustainability Officer, County of Los Angeles	PowerPoint, Community Choice Aggregation
5	Commission Appointments and Re-appointments	Anthony J. Mejia, Chief City Clerk	Memo to Council
6	Councilmember Communications	Marina Khubesrian, M.D.	PowerPoint, Various Photos
6	Councilmember Communications	Michael A. Cacciotti	PowerPoint, Various Photos
7	City Manager Communications	Paul Toor, Public Works Director	Memo to Council
7	City Manager Communications	Ryan Bernal, Police Corporal	Handout, Citizens Academy
13	Adoption of a Resolution Confirming Summary Abatement Cost Incurred by the City for 1854 Hanscom Drive	Paul Toor, Public Works Director	PowerPoint, Staff Presentation
14	Adoption of an Urgency Ordinance and First Reading and Introduction of an Ordinance Adding Subsections 26 and 27 to Section 24.02 (Nuisances and Property Maintenance) of the South Pasadena Municipal Code	Jenny Hertz-Newman, South Pasadena Resident	Email to Council
14	Adoption of an Urgency Ordinance and First Reading and Introduction of an Ordinance Adding Subsections 26 and 27 to Section 24.02 (Nuisances and Property Maintenance) of the South Pasadena Municipal Code	Bianca Richards, South Pasadena Resident	Email to Council

# Proceeds upon Resale at Fair Market Value

Not to Scale; Figures are for illustrative purposes only and do not represent projections of housing market prices in the future.

## Proposed Regulations – Affordable Purchase

\* **Net Appreciation** is the fair market value resale price minus the net equity, remaining principal loan balances, closing costs paid by the seller at resale, owner's down payment, cost of improvements (subject to state determination).

\*\* **Net Equity** is the approved fair market value at the time of initial sale minus the initial sale price.

**Phase 1A and Phase 1B Properties**

# Los Angeles Community Choice Energy

## Community Choice Aggregation (CCA): A Hybrid Approach to Utility Operations

# Los Angeles Community Choice Energy

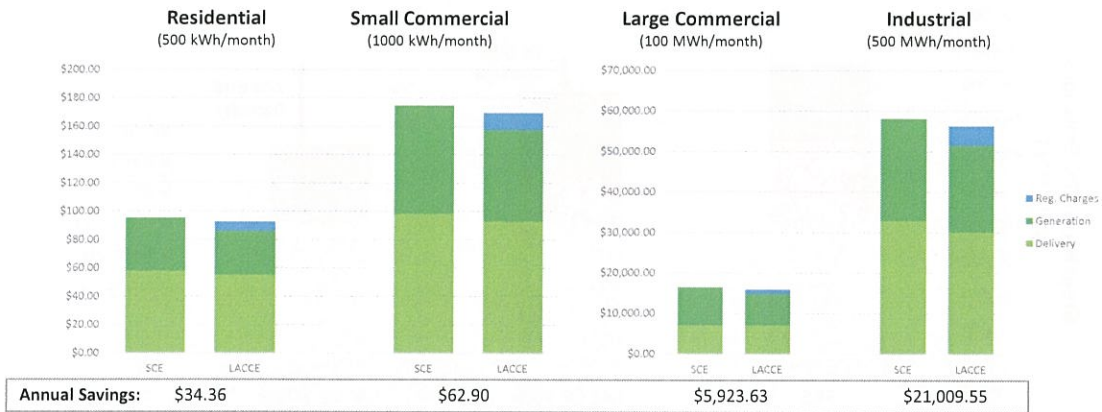

## LACCE Benefits: Rates

Indicative Rate Comparison in ¢/kWh

Rate Class	SCE Bundled Rate	LACCE RPS Bundled Rate	SCE 50% Green	LACCE 50% Green Bundled Rate	SCE 100% Green	LACCE 100% Green Bundled Rate
Residential	17.1	16.2	18.85	16.4	20.6	18.2
Small Commercial	16.6	15.7	18.35	15.9	20.1	17.7
Medium Commercial	15.8	15	17.55	15.2	19.3	16.9
Large Commercial	14.5	13.8	16.25	13.9	18	15.5
Small Public Authority	12.6	12	14.35	12.1	16.1	13.4
Large Public Authority	10.4	9.9	12.15	10	13.9	11.1
Small Industrial	13.1	12.4	14.85	12.6	16.6	14
Medium Industrial	11.7	11.1	13.45	11.2	15.2	12.5
Large Industrial	7.5	7.1	9.25	7.2	11	8
Total LACCE Rate Savings Over SCE Standard Rate		5.40%		4.10%		-6.30%
Savings Over Comparable SCE Rate		--		13%		12%

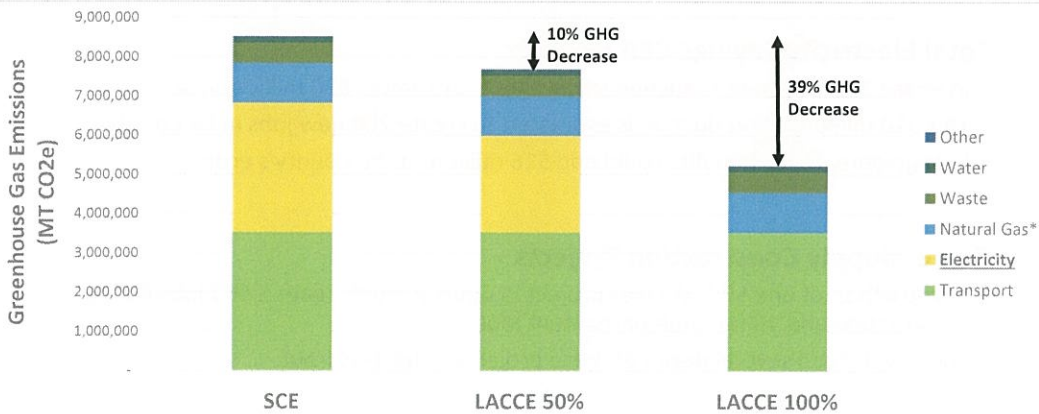

- Rates are taken from the LACCE Business Plan
- LACCE rates include considerable financial reserve

## Los Angeles Community Choice Energy LACCE Benefits: Rates (cont'd) Annual Savings Under LACCE RPS Rate

Regulated charges include Power Charge Indifference Adjustment (PCIA), Department of Water Resources Bond Charge (DWRBC), and the Competition Transition Charge (CTC). Regulated charge rates are from SCE's CCA Cost Responsibility Surcharge Tariff Schedule

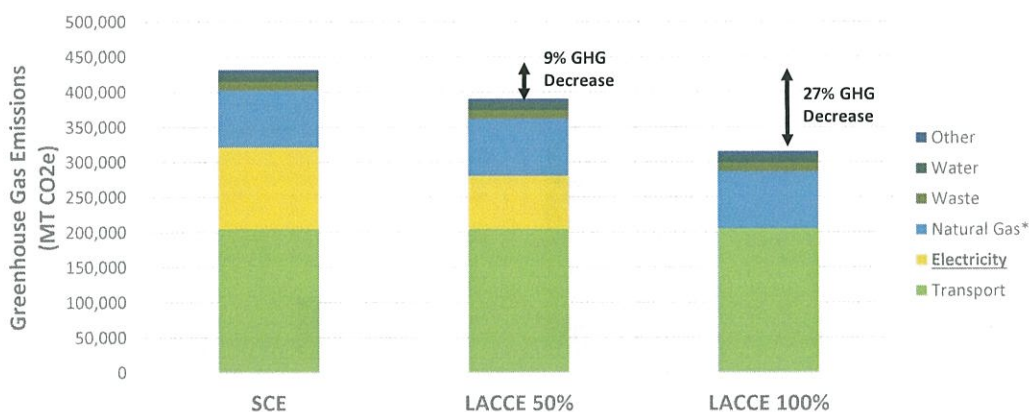

## LACCE Benefits: GHG Emissions Example: Unincorporated L.A.

\*The natural gas category refers to use for heating and cooking in buildings, not for use in electricity generation.

## LACCE Benefits: GHG Emissions

### Example: Average L.A. City

\*The natural gas category refers to use for heating and cooking in buildings, not for use in electricity generation.

7

## Los Angeles Community Choice Energy

### CCA Benefits: Economic Development

- **Total Electricity Savings CCA vs. SCE**
  - In Phase 2, a 5.4% rate reduction saves LACCE customers \$20 million/year
  - This \$20 million rate reduction is estimated to create 200 new jobs in LA County.
  - In aggregate, these benefits could add \$16 million to the County's economy.
- **Power Supply Construction Projects**
  - Construction of one 50 MW solar project in County could create 1,500 jobs during construction and 15 full-time permanent jobs.
  - LACCE will need several dozen of these projects at full build-out.

8

## Los Angeles Community Choice Energy

### CCA Benefits: Customer Choice and Local Control

#### ▪ Customer Choice

- CCAs offer customers new options (CCA rate offerings), without removing old options (SCE)
- Having both CCA and SCE products gives customers choice

#### ▪ Local Control

- CCAs enable communities to invest locally; instead of sending money to SCE, CCA revenues can be reinvested in the local community
- CCAs have total local control over their power supply, rates, and customer programs (e.g., energy efficiency, solar incentives, EV incentives, etc.)

9

## Los Angeles Community Choice Energy

### Risks: Declining Customer Participation

#### ▪ Risk

- Customers can choose to opt-out of CCA
- High opt-out rates reduce sales, increase fixed cost per customer
- Average opt-out rates <10% for California CCAs

#### ▪ Mitigation Strategies

- Maintain competitive rates
- Tailor programs to local and customer priorities
- Focus on marketing, outreach, and communication
- Provide superior service

#### ▪ Bottom Line

- Lancaster Choice Energy (LCE) offers competitive rates and maintains a 93% customer participation rate
- LACCE can scale program size to city and customer participation rate, lowering fixed cost

10

## Los Angeles Community Choice Energy

### Risks: Unfavorable Rate Competition with SCE

#### ■ Risk

- Low customer participation rates
- Unfavorable future power market conditions
- SCE's regulated charges (e.g. PCIA or 'exit fee' & others) increase in the future

#### ■ Mitigation Strategies

- Diversify power contract and generation portfolio
- Maintain financial reserves and a rate stabilization plan
- Monitor SCE rates and CCA charges
- Leverage lower CCA overhead to compete on non-power supply costs
- Leverage CCA's tax-exempt borrowing advantage to reduce power supply costs

11

## Los Angeles Community Choice Energy

### Risks: Local, Agency, and State Policy

#### ■ Risk

- PCIA and other regulated charges may reduce CCA competitiveness
- State energy policy could create burdensome energy procurement requirements

#### ■ Mitigation Strategies

- Track and participate in relevant proceedings and bills
- Develop bi-partisan support with emphasis on both environmental/equity and financial/economic benefits associated with a CCA
- Make sure all CA utilities face the same government-imposed charges and policies

12

# Los Angeles Community Choice Energy

## Franchise Fees and Utility User Tax

### Franchise Fees (a.k.a. Generation Municipal Surcharge)

- Surcharge paid by IOUs to cities and counties to use streets for utility service
- Calculated based on SCE rates
- City revenues from Franchise Fees do not change from IOU to CCA service

### Utility User Tax (UUT)

- Calculated as a tax on each customer's energy bill
- UUT revenue would decrease by the same amount as customers save on bills
- CCA could make local governments whole through rates.

13

# Los Angeles Community Choice Energy

## LACCE Governance and Program Options

### Possible JPA Governance Structures:

1. Every member government gets an equal seat on the Board
2. Every member government gets a voting share proportional to its electric load
3. Some combination of options 1 and 2 above

LA County is proposing that the default option is 1 member 1 vote, but with the authority to call for weighted vote.

### Possible Program Offerings

1. Multiple Rate Options:
  - A. Slightly exceed SCE's share of renewable power (SCE is 28% green so offer 30%)
  - B. 50% green
  - C. 100% green
2. Customer Programs
  - A. Net Energy Metering
  - B. Electric Vehicle Programs
  - C. Business Development rates
  - D. Other
3. Local Renewable Resource Development / Distributed Energy Resources (DER)

14

# Los Angeles Community Choice Energy

## LACCE Schedule

### ■ JPA Negotiations

- Began January 10, 2017
- Expected to continue through March 2017

### ■ Next Steps

- County and cities adopt the JPA and the enabling ordinance (April – October)
- County a/o JPA (once formed) work with CPUC and SCE to obtain approval and begin transition process (April – December)
- Phase I launch at County and, optionally, at city municipal facilities (January 2018)
- Phase II expansion to large customer accounts in unincorporated areas and cities (early to mid 2018)
- Phase III expansion to all accounts (no later than January 2019)

15

# Los Angeles Community Choice Energy

## Next Steps for Cities

1. Evaluate LACCE option
2. Participate in JPA Negotiations
3. If interested, adopt enabling ordinance and JPA agreement
4. If participating in Phase 1 Launch, acquire and provide load data for municipal facilities to be included
5. Evaluate your constituents' priorities for services and programs

16

# Memo

**Date:** February 1, 2017  
**To:** The Honorable City Council  
**From:** Anthony J. Mejia, Chief City Clerk   
**Re:** February 1, 2017 City Council Meeting – Additional Document for  
Item No. 5 – Commission Appointments and Re-appointments

---

It came to the attention of the City Clerk's Office that an error had been inadvertently made to Item No. 5 Recommendation No. 4 on the agenda. It should indicate Commissioner Jeff Burke that is being re-appointed to the Finance Commission.

4. Re-appoint ~~Carrie-Adrian~~ Jeff Burke to the Finance Commission to a full three-year term ending December 31, 2019.

Kristine Courdy, Public Works Operations Manager *kc*

**Re:** City Tree Planting Update

---

At the January 18, 2017 Regular City Council Meeting, the City Council directed staff to provide a status update regarding plantation of new trees including criteria for selection of trees. To date, 61 trees have been planted and a planting list is being generated to plant an additional 63 trees to replace those removed during the last few months. All of the trees planted are from the list of trees recommended by the Natural Resources and Environmental Commission and approved by the City Council. A map reflecting the location as well as a list including the types of trees planted, is attached. It is anticipated that the additional trees will be planted by March 2017, subject to final selection of trees.

## Additional Information on City Urban Forest Maintenance Efforts

Selection of trees for a specific location from the approved list is not only complex, but extremely challenging. First, during the last couple of years, staff has made an attempt to replace any tree that has died or has been removed due to disease or unsafe conditions. Any public tree lost must be replaced. Generally, at any given street, a single tree is replaced with a similar one to match the other neighborhood trees from the approved list. Selection of the tree is made by a team consisting of the City Arborist, West Coast Arborists, and the Public Works Operations Manager with input from residents in the neighborhood. The parkway width, proximity to utility lines, tree species on the block, and water needs and maintenance are examples of criteria taken into consideration when selecting the appropriate tree species. Once a replacement tree species is selected, staff distributes a letter to residents notifying them of the proposed replacement tree species and tentative schedule of when the tree will be planted. If a resident does not prefer the replacement tree that has been selected (which is pretty common), then staff proposes alternative trees meeting the selection criteria outlined above. If there is a block where multiple trees are scheduled for removal, staff will then conduct a neighborhood meeting to get the neighborhood feedback on the

tree selection process. Staff believes it is critical to have a buy in from the residents to assist in watering as well as upkeep of the newly planted trees.

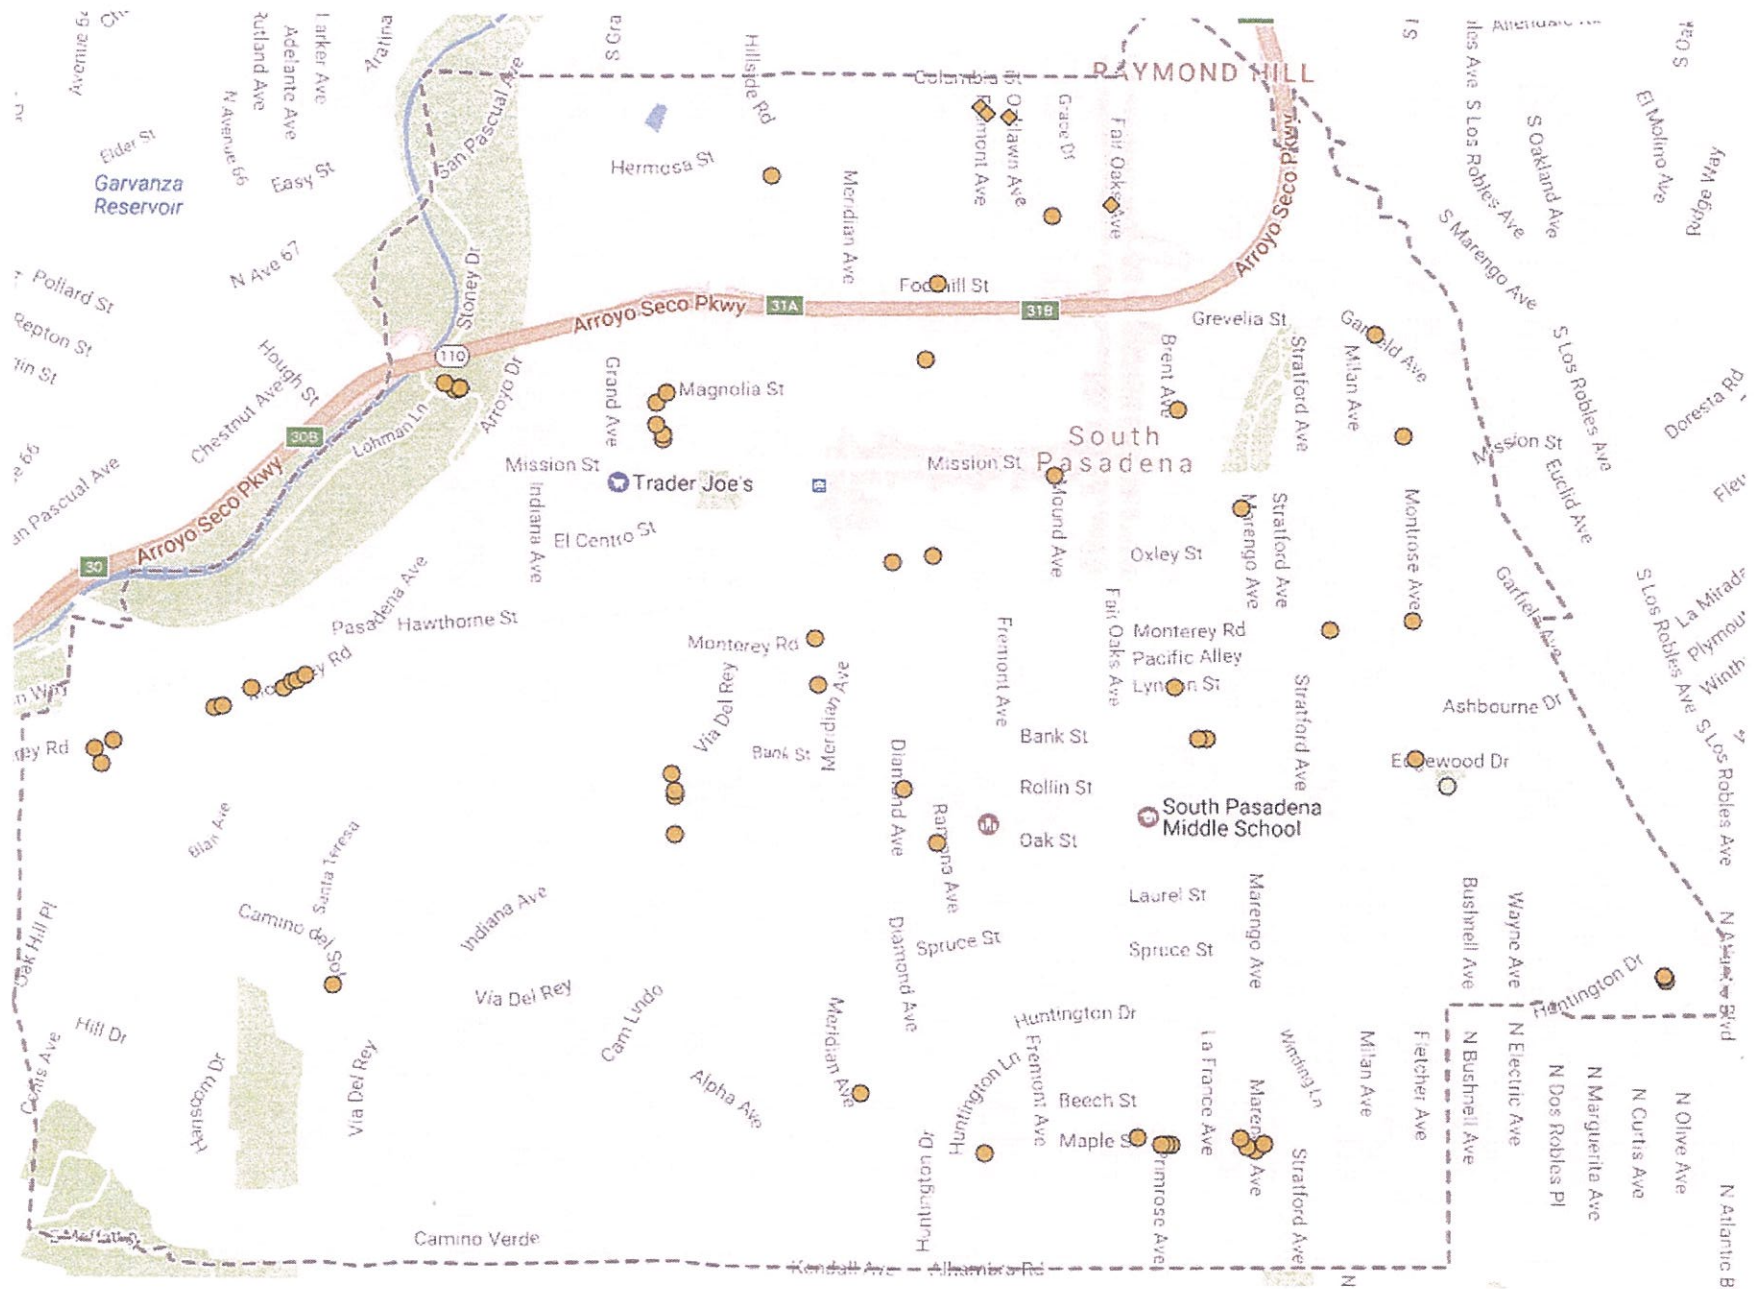

There are two budgeted positions in the Public Works Department, a City Arborist/Park Supervisor and a maintenance worker, to maintain all City trees, parks, and provide inspections to private property trees with assistance from private contractors. West Coast Arborists, the City of South Pasadena's (City) tree trimming contractor is providing assistance on month to month basis and has requested a 30% increase in unit contract prices to match the prevailing market rates. Staff deferred the requested increase by the contractor in anticipation of Lighting and Landscape Maintenance District update. Based upon the information available from the surrounding cities for similar services, the requested increase seems to be in line with the prevailing market conditions. However, staff intends to solicit proposals rather than renegotiate with West Coast Arborists to ensure that our residents receive the best service at reasonable prices. Given the work load and staff turnover, it is taking longer than expected to renew the maintenance contracts, including tree trimming services.

Also, South Pasadena Beautiful, a local non-profit organization, is working with City staff and has done an exceptional job. They are hosting a tree drive to assist the City by soliciting donations for additional trees. In essence, staff is doing its best to maintain our Urban Forestry to its current conditions if not better effectively utilizing the resources available.

# South Pasadena Police Department **CITIZENS' ACADEMY**

**February 28 - May 2, 2017**  
**Tuesday nights from 6:00 PM - 8:30 PM**

The South Pasadena Police Department Citizens' Academy is designed to provide residents an understanding of how their police department operates.

Residents will learn all the components of the department including: Patrol, Detectives, K9s, Traffic, Dispatch, Crime Analysis, Crime Scene Investigations, Special Enforcement Team, Air Operations and other related fields. Residents will also participate in scenarios and other hands-on activity, and have the opportunity to go on a ride-along with an officer.

At the conclusion of the academy, residents and the police will have a strong working relationship to better the community.

#### **Requirements:**

- Must be a resident of South Pasadena.
- Must be 18 years of age, or older.
- Must pass a background check.
- Must NOT have any felony convictions.

Space is limited so please register today!

# CONFIRMATION OF SUMMARY ABATEMENT COST

FEBRUARY 1, 2017

---

City of South Pasadena

## 24.12 Abatement by city—Summary abatement.

- (b) Whenever the city manager determines that a property, a building, structure or activity is structurally unsafe, or constitutes a fire hazard, or is otherwise dangerous to human life, and such condition constitutes an immediate hazard or danger, he or she may, without observing the provisions of this chapter with reference to abatement procedures, immediately and forthwith abate the existing public nuisance. Any abatement pursuant to this subdivision shall be limited to the actions necessary to neutralize the immediate danger only. A post-abatement hearing shall be provided and all other procedures set forth in Sections 24.13 through 24.15 shall apply for the recovery of abatement costs.

## 24.14 Report of hearing and proceedings.

- (a) Council Shall Consider the Report. At the time and place fixed for receiving and considering the report, the council shall hear and pass upon the report of the city manager, together with any objections or protests.
- (b) Council's Action to Confirm. The council may make the revision, correction, or modification in the report as it may deem just, after which by resolution the report, as submitted or as revised, corrected, or modified, shall be confirmed.
- (c) Council's Decision is Final. The decision of the council on all protests and objections that may be made shall be final and conclusive. (Ord. No. 2115, § 1.)

Good morning!

My name is Jenny Hertz-Newman and I spoke briefly last night about agenda item 14, the urgency nuisance ordinance. I was the first South Pasadena resident to speak and I wish I hadn't been, because after listening to all of the speakers and to the council's discussion I realized both how urgent the matter is for the neighbors experiencing the nuisance and how genuinely caring and respectful the council members are in terms of both the neighbors and our homeless citizens.

It is in the same spirit of caring that I once again urge a closer look at the unintended consequences of this ordinance. The current council and police department have a very thoughtful, holistic approach to homelessness but there is no guarantee that all of our future city care takers will. Once something like a broad public nuisance ordinance is codified and on the books it can become a slippery slope.

Council member Mahmoud asked if any city residents would be willing to take in homeless people ourselves. Well my family, at my mother's residence, has taken in a family who was one night away from sleeping in their car. We helped them get back on their feet and get low income housing. We are currently helping an elderly woman who lost her house. I just participated in the LA County homeless count, we volunteer at Union Station and I have worked with Schools on Wheels. Our family cares deeply and personally about this problem.

Once again, I think there was no intention on the part of the city council to create a "homeless ordinance" here and so I urge you all to revisit the ordinance and narrow its scope.

Thank you again for all you do. Our local politics is truly an inspiration in these times!!

**Subject:** Urgency Ordinance, February 1, 2017

City of South Pasadena

FEB 06 2017

City Clerk's Division

Mayor, Council Members and City Attorney,

I want to express my thanks for the action taken last meeting regarding the ordinance, item # 14 Public Hearing. We in the neighborhood have had many years of incidents regarding this property owner. I was involved when the house I was watching over (the owner was in the hospital) was burglarized on numerous occasions. The thieves accessed the house through the back yard which was near Windsor Place. With the help of many neighbors, we caught one thief and she was sentenced to jail for two years.

So I was disheartened when I read the article in the Star-News on Friday, February 3, with the title "Council outlaws living in cars, tents" by Steve Scauzillo. I felt the author really over-sensationalized what occurred during the meeting. He failed to give due credit to you all.

I attended the meeting and was impressed with how you all handled the public comments -you listened, debated, and took council from City Attorney, Teresa Highsmith, to address the real immediate issue and amend ordinance to take into account public concerns. This action had nothing to do with homelessness but it was interesting to hear from the public regarding some consequences. Then, you all amended the language to take into account these issues.

I just wanted to let you all know that you did well under the circumstances and at the article missed what occurred that night.

Bianca Richards
