Hello Maria:

Please include my email for the closed session of the City Council Meeting and read it out loud to the City Council during Agenda Item A (Anticipate Litigation).

Thank you,

Delaine

Dear City Council:

How much money has been lost on lawsuits, appeals, and City Attorney fees this past fiscal year? Have those losses, along with projected losses, been accounted for in the proposed upcoming budget?

Sincerely,

Delaine Shane

Public Comment to Closed Session Agenda Item A

Special City Council Meeting Sunday 6/7/2020

To be read aloud

Honorable Mayor and councilmembers,

As a resident and taxpayer in the community, I am dumbfounded to understand why an emergency closed session council meeting was called for a Sunday afternoon when only days ago you canceled regularly scheduled Open and Closed sessions and already have a council meeting on the agenda for Wednesday June 10.

This special closed session meeting appears to be a waste of your time and additional fees paid to the city attorney during a fiscal crisis for business that could have waited three more days for your regularly scheduled meeting.

In consideration of the management report which came out a few days ago, this so-called 'emergency' meeting only raises more questions about integrity of the people running our city.
