## City Manager's

FY 2018/19 Budget Message
July 1, 2018
Honorable Mayor and City Council Members:
I am pleased to present the Adopted Budget for Fiscal Year (FY) 2018/19 for all operations of the City. The budget as presented is balanced and consistent with the policy direction reflected in the City Council Goals. The comprehensive budget for all funds illustrates the City Council's commitment to long-term financial planning, cost-effective municipal services, and financial policies that recognize the need to fund future obligations. The budget document includes a new five year Capital Improvement plan which is consistent with the general plan and provides an aggressive infrastructure improvement plan tied to funding sources.

Accordingly, the CIP maintains critical investments to sustain, enhance, and develop a wide array of public infrastructure to improve system reliability, enhance recreational experiences, advance public safety, and ensure that South Pasadena is well positioned for further economic growth and opportunity. This CIP allocates significant resources to upgrade and revitalize the City's aging Water infrastructure and continues the investment in the pavement maintenance program; invests in and sets aside funding for the rehabilitation and enhancement of a variety of Historic Buildings and recreational facilities; and continues the renovation of the City's outstanding cultural facilities. Grant resources are leveraged to implement projects throughout the CIP, including bike lanes, major street renovations and the water reservoirs.

## Budget Process

The FY 2018/19 Budget is based upon an in-depth analysis of actual and projected fund balances, revenues, and expenditures. Each city department prepared line item details for the department's activities and recommended certain service levels and activity goals for the 2018/19 budget year. The Finance Department prepared revenue projections with input from other departments. The City Manager then reviewed individual departmental requests, prioritized activities based upon City Council policy, and community priorities. At the conclusion of this process, the Proposed Budget was prepared and submitted to the City Council for review.

On April 16, 2018, a randomized Community Survey was sent out via e-mail to residents. The survey included several budget questions which were used to inform the proposed budget.
On May 10, 2018, the City received the results of the Community Survey highlighting budget priorities. Nearly all residents surveyed (95\%) rated the quality of life in South Pasadena as excellent or good. The highest priority in the community is fixing streets and sidewalks followed by reducing traffic congestion. Residents who responded to the survey expressed they were most satisfied with the City's efforts to provide Fire protection and emergency medical services, Library services, City parks and recreation facilities, senior services, protecting the environment, and Police services.

There was further discussion on budget priorities, supplemental requests, the Capital Improvement Program (CIP), and reserve levels at the City Council meeting on May 2, 2018, and the Draft Budget was presented to the City Council on May 16, 2018. The City Council directed staff to prepare a proposed Budget based on these discussions. The Proposed Budget was presented to the City Council and adopted on June 6, 2018.

## General Fund Highlights

South Pasadena is a uniquely positioned City in that it is a full service City providing public safety, public works, library, recreation, and community services. Providing these services continues the City's commitment to personalized customer service while maintaining local control.

Below is a summary of revenue and expenditures which represent
General Fund Revenues: \$27,468,618
The General Fund (GF) anticipated revenue includes a three percent increase over last year due to sustained increases in property taxes, the City's largest revenue source. Over the past five years, total revenue has increased at a rate of one to two percent per year on average.

The City's top revenue sources include the following:

- Property Tax (51\%),
- Utility User Tax (12\%)
- Sales Tax (11\%)
- User Fees (4\%)

While property tax continues to rise steadily, the Utility User Tax (UUT) has declined, and sales tax and user fees have remained steady.

Because overall annual revenue increases are gradual, the City must rely more on enterprise funds, local return funds, and grants to support the increasing cost of service delivery.

## General Fund Highlights

Among cities with populations under 27,000, South Pasadena is unique for directly providing the full services of public safety, public works, library, recreation, community services, and general administration. Although staffing these services costs more than contracting out, doing so reaffirms South Pasadena's preference for local control and personal treatment.

The following is a summary of revenue and expenditure items that have a particular significance in the Adopted FY 2017/18 Budget. General Fund revenues are projected to be $\$ 26.73$ million, and expenditures, including operational transfers out are $\$ 26.08$ million. Operational transfers include $\$ 1,300,000$ to the Street Improvements Program Fund, and $\$ 165,000$ to the Insurance Fund. Additional transfers of $\$ 1.33$ million from reserves result in a total expenditure budget of $\$ 27.42$ million.

## Revenues

The five largest sources of revenue to the City's General Fund are property taxes, utility taxes, sales taxes, charges for services, and licenses and permits. Property taxes make up $51.5 \%$ of all General Fund revenues. Utility users taxes (UUT) make up $12.9 \%$ of total General Fund revenues. Despite increases in water rates, FY 2017/18 UUT revenues are expected to decrease from the prior year due to conservation efforts and decreased demand for address-based telephone services. Sales taxes make up $9.9 \%$ of total General Fund revenues. For FY 2017/18, sales taxes are projected to decrease slightly due to adjustments in the prior year resulting from the State of California winding down the "triple flip."

The top five revenue sources represent approximately $86.5 \%$ of the General Fund revenues. Historical data indicates that the City's General Fund is becoming more reliant on these five revenue sources.

## Highlights of Other Funds

Prop A \& C funds [205 \& 207] - Administrative costs have decreased due to changes to salary and benefit allocations in accordance with new directives from the L.A. County Metropolitan Transportation Authority.

Sewer Fund [210] - Sewer rates were increased by 9\% in January 2016 to cover much needed repairs to the infrastructure.

Street Light \& Landscape Fund [215] - Revenues come from assessments placed on South Pasadena property tax bills. The assessment amounts have not changed since 1997 when Proposition 218 passed.

Business Improvement Tax Fund [220] - Revenues are generated from a tax on businesses operating within the City.

Measure R [233] - Measure R funds are dedicated to street projects.
Measure M [236] - Measure M funds are dedicated to street projects.

Water Fund [500] - The City approved a 18\% rate increase spread over three years, effective January 15, 2014, in order to satisfy debt coverage requirements. The City is also projecting spending $\$ 6.7$ million on water infrastructure projects

Various Grant Funds - The City receives numerous grant funds from the County, State and Federal government. Most of these grants are reimbursed once the City completes the project, which is why some of these funds show a negative fund balance.

## Personnel Highlights

The Adopted Budget authorizes 146 full-time employees.
City retirement expenses will continue to rise in FY 2017/18 with CalPERS retirement rates increasing from $32.96 \%$ to $38.62 \%$ for safety employees, and from $18.91 \%$ to $22.02 \%$ for miscellaneous employees. The total increase in personnel costs over the prior year is approximately $\$ 423,400$.

There is currently an outstanding $\$ 16.7$ million unfunded liability for retiree medical costs, which a recent actuarial study translates to an Annual Required Contribution (ARC) of $\$ 1.5$ million. The City is currently paying $\$ 600,000$ a year, on a pay-as-you-go strategy.

## Capital Improvement Program (CIP) Highlights

Along with an aggressive water and sewer capital improvement program, the City also continues to be aggressive in repairing our aging streets, with $\$ 2.15$ million for street improvements appropriated for FY 2017/18. Projects not completed in FY 2016/17 will be carried over to the next fiscal year.

## Fiscal Responsibility

The FY 2017/18 Adopted Budget is the culmination of months of effort by City staff to balance available resources with the services desired by South Pasadena residents, visitors, and businesses. It represents staff's best recommendations for meeting fund balance requirements and service delivery objectives, while providing tangible outcomes for programs and projects n.

As is the case for all budgets, the document before you is a fluid one. Developing and monitoring city budgets is an ongoing process, with modifications and adjustments made throughout the year to respond to unanticipated events. There are finite numbers in this budget proposal, but there are also some unknowns, for which the City must be financially prepared.

The City of South Pasadena, the greater Los Angeles region and the State of California, have been showing increasing revenues as the region recovers from the 2008 recession. South Pasadena continues
to remain in satisfactory financial condition thanks to a relatively diverse and stable revenue base, and our core services have remained consistent. However, the City is facing rising costs in key areas, such as increased employee retirement costs, increasing employee costs and the ongoing demands of the community. While South Pasadena has substantial reserves and resources on-hand, the City maintains a conservative approach when budgeting revenues and expenses to ensure that the City's ability to meet its obligations is not impaired.

The FY 2017/18 Budget appropriately considers these economic realities and positions the City to act as needed in the coming years. Understanding that costs are rising faster than revenues, the City Council has exhibited prudent fiscal foresight and continues to face head-on the very
real possibility of reducing service levels in the wake of financial constraints. The major components of costs in our budget are those with the greatest inflationary pressures. Thus, to ensure that revenues keep pace with expenditures, the City must look toward economic growth through either cutbacks in municipal services, expansion of the economic base via economic development, or maintaining voter-approved tax support.

The City's Community Forum on Budget and Priorities provided guidance for the preparation of the City budget by identifying and prioritizing the projects that the City will be focusing on during the next year. These goals provide the basis for improving services and preserving a high quality of life in the City. While the foundation of the FY 2018/9 budget rests upon the City Council's vision for the community, this document also relies on the expertise of City's department staff. As is always the case, preparing a budget requires teamwork, creativity and a wealth of ideas. When the final document is presented to the City Council, it has been shaped by many hands into a fiscally responsible budget that meets the needs and expectations of the community.

With that, I commend City staff throughout the organization for the collaborative and disciplined efforts that went into developing and producing this budget. I would also like to thank the South Pasadena City Council for its leadership in facing the fiscal challenges before us, crafting the goals that will help us meet those challenges, and moving our City forward in a positive direction. On behalf of the entire staff, I pledge our commitment to continue to give you the best we have so that we may provide the highest standard of service to the residents of South Pasadena.

Respectfully submitted,

## FY 2018/19 Financial Policies

## 1. BALANCED BUDGET

We will strive to maintain a balanced operating budget for all governmental funds (all funds except the enterprise funds), with total on-going revenues equal to or greater than total on-going expenditure, so that at year end all these funds have a positive fund balance and the General Fund balance is maintained.

The Adopted FY 2018/19 Budget includes a balanced operating budget for some of the funds.
Exceptions to this policy include:

> Fund 104 - Street Improvements Program Fund
> Fund 201 - MTA Pedestrian Improvements Fund
> Fund 215 - Street Light \& Landscape District Fund
> Fund 226 - Mission Meridian Garage Fund
> Fund 232 - County Park Bond Fund
> Fund 248 - BTA Grants Fund
> Fund 249 - Golden Streets Grant Fund
> Fund 274 - Homeland Security Grant Fund

The Street Improvements Program Fund operational deficit is a result of transferring certain prior year capital projects originally budgeted in the General Fund. The MTA Pedestrian Improvements Fund deficit is due to expenses that remain unreimbursed pending the resolution of funding for the Hook Ramp Rogan project. The Street Light \& Landscape District Fund deficit is a result of assessments remaining constant while costs continue to increase. The Mission Meridian Garage Fund does not have a significant revenue source at present so it will continue to operate at a deficit. The operational deficits in the County Park Bond Fund, BTA Grants Fund, Golden Streets Grant Fund, and Homeland Security Grant Fund result from expenses that will be reimbursed by grants.

## 2. APPROPRIATIONS AND BUDGETARY CONTROL

The City Council holds public hearings and adopts the City's annual budget and may modify appropriations with majority approval. Increases in appropriations at the fund level during the year must be submitted by the City's departments for City Council review and approval. The legal level of expenditures is controlled at the fund level, and appropriations lapse at the end of each fiscal year unless encumbered for re-appropriation by the City Council in the following fiscal year. Department heads may, without Council approval, amend individual line items within any fund in the maintenance and operations portions of the budget without increasing total appropriations for that division. The City Manager may, without Council approval, amend individual line items within any fund, and between divisions and programs, in the personnel costs, maintenance and operations, capital outlay and capital projects portions of the budget without increasing total appropriations for that fund.

This policy has been met.

## 3. ENTERPRISE FUND

## We will require that our water, sewer, and golf course funds be self-supporting.

The sewer fund was recognized as an enterprise fund starting in FY 2009/10, with the requirement of self-supporting funding. Water and sewer rate increases will assure that revenues exceed operating expenditures, including debt service. Budgeted water capital projects will be paid from a $\$ 37.8$ million 2016 Water Bond issuance. Bond debt service will be paid out of water revenues. Sewer revenues along with a revolving loan from the State will pay for sewer capital improvements. In FY 2012/13, the General Fund advanced the Sewer Fund \$750,000 in order to fund the construction of the Arroyo Drive, Marengo Ave, Meridian Ave, and Huntington Drive Sewer Improvement Project.

The Water Fund will maintain a reserve equal to $30 \%$ of revenues.

## 4. GENERAL FUND RESERVE

We will strive to attain a General Fund undesignated fund balance equal to $30 \%$ of General Fund revenues at year end.

General Fund undesignated fund balance, based upon the Adopted FY 2017/17 Budget, is projected to be 25.1\% at June 30, 2018.

## 5. GENERAL FUND DESIGNATED RESERVE

The total designated reserves have been established for FY 2018/19 is as follows:

|  | FY 16/17 | FY 17/18 |

| \% of GF Revenues | $26.1 \%$ | $25.08 \%$ |

## 6. INFRASTRUCTURE

We will maintain a long-range fiscal perspective through the use of a Capital Improvement Program to maintain the quality of City infrastructure, including streets, sidewalks, sewers, drains, lighting, buildings, parks, and trees.

Beginning FY 2013/14, the City has been committing a minimum of $\$ 2,000,000$ per year towards street improvements.

## 7. ACCOUNTING AND REPORTING STANDARDS

We will comply with all requirements of generally accepted accounting principles. We will prepare a Comprehensive Annual Financial Report (CAFR) to demonstrate that compliance.

This policy has been met.

## 8. RISK MANAGEMENT

We will identify and quantify all areas of financial and operating risk, and prepare contingencies for those risks, including legal liabilities, infrastructure maintenance, emergency response, and contract and employee obligations. We will work with our Retirement system and Insurance Pool to seek full coverage of actuarially projected needs.

Current insurance costs are fully funded with a retention of $\$ 100,000$ for general liability, and $\$ 125,000$ for workers’ compensation. Funding on a pay-as-you-go basis for leave liabilities, claims and judgments, and retiree health insurance costs remains the City's practice. In accordance with GASB 45, a third party actuarial valuation of the City's liability for annual retiree medical costs has been completed every two years since FY 2008/09. The City's benefit structure was modified, reducing the unfunded retiree medical liability from $\$ 22$ million as of the $1 / 1 / 11$ valuation to $\$ 12$ million as of the $1 / 1 / 13$ valuation. However, due to the now required inclusion of the cost of the implied subsidy that results from retirees participating at the same rates as active employees, the liability increased to $\$ 16.7$ million as of $1 / 1 / 15$.

## 9. DEBT AND INVESTMENTS

We will consider the use of debt when the cost of debt is lower than the City's investment return, and when operating revenues are available to pay the debt. We will maximize the investment return on City Cash balances within the higher concerns of safety and liquidity.

In FY 2017/18 staff will continue to contract with financial advisory services to evaluate various options to leverage existing revenue streams.

## 10. CONTROL OF FINANCIAL ASSETS

All financial assets will be under the direct authority of the City Treasurer and Finance Director.

This policy has been met.

## 11. FINANCIAL MANAGEMENT

We will seek to realize the maximum use of all tax dollars to public benefit. This policy has been met.
