

City of South Pasadena Legislative Platform 2018-19

The primary objective of the Legislative Platform is for the City Council to adopt official City positions on specific legislative issues at the start of the legislative session. The legislative platform will streamline the approval process by providing staff clear direction on pertinent issues at the beginning of the legislative session.

The Platform is developed and maintained using the goals and objectives adopted by the City Council, a review of legislative priorities from the League of California Cities, input from City Council and staff, research of current law and pending legislation, as well as discussions with local legislative staff and the City's legal counsel.

For proposed legislation, either consistent with the City's legislative priorities or consistent with legislative positions the City has taken in the past; City staff shall be authorized to prepare position letters for the Mayor's signature after City Council consideration. Items not addressed in the City's legislative priorities will require further Council direction, and staff will be required to submit a request to Council. Legislative priorities may only address issues directly relevant to or impacting the provision of municipal services.

City departments are encouraged to monitor and be knowledgeable of any legislative issues related to their discipline. However, any requests for the City to take positions on a legislative matter must be directed to the City Manager's Office. City departments may not take positions on legislative issues without City Manager's Office review and approval.

The process for responding to legislative proposals is streamlined as follows:

1. Once a determination is made that a legislative proposal may impact the City, a letter outlining the City's position (supporting or opposing the issue) will be drafted for the Mayor's signature.
2. If the Mayor is unavailable, the City Manager will sign the position letter.
3. If a legislative issue is not addressed in the Legislative Platform but impacts the City, staff will place the matter on the next City Council agenda for consideration.
4. The position letter will be sent to the bill's author, the City's legislative representatives, the League of California Cities, and other stakeholders as deemed appropriate.
5. A copy of the final letter will be distributed to the City Council.
